Trees will be planted on property owned by someone else

Property Owner's Name: _____ Phone: _____

Address: _____

Site of proposed Project: _____

- Not all varieties of trees listed may be available at all times
- Numbers of any given variety may be limited

Volunteer Tree Caretaking Pledge

I will plant the tree(s) in or near the City right-of-way for the enjoyment of my entire community. I will water my tree(s) during the summer months for the next 3 years. I will carefully watch over my tree(s) and let the City Urban Forester know if I think there is a problem. I will remove the tree stakes and ties, if such are used, after the first year. I will not use weed and feed type fertilizers around my tree(s). I will keep weeds and grass from growing in the mulch around the tree(s) and will keep my trees well-mulched. I will not use a weed whacker or lawn mower near my tree(s), as damage from this equipment is the #1 killer of young trees. Finally, I will never never top my trees, nor allow them to be topped.

I have read and agree to follow the above conditions.

 Olympia, WA 98507-1967

- To qualify for NeighborWoods Free Trees both classroom and field training must be attended.
- NeighborWoods free trees must be planted along street frontage, so they function as street trees.
- Varieties and quantities shall be limited to trees currently growing in the City Nursery.
- Trees will be limited to no more than 10 trees per participant.
- Final species choice and planting location shall be subject to the Urban Forester's discretion.
