With so many small yards in developments, it would be so nice to let dogs run free.

Replace corners with curves. Curves seem to work better.

Can a public park be part of the development?

Maintenance, access, safety, costs, feasibility, outcome.

Thank you for your support! We need to build a dog park for the neighborhood.

I am excited to have a place for my dog. Thank you!

We need dog parks in neighborhoods, so people can walk to.

Please consider putting pet waste signs & live bollard recovery.
