90	Skateboard	11/17/2017 9:15 AM

West Bay Restoration & Park Master Plan: Programming

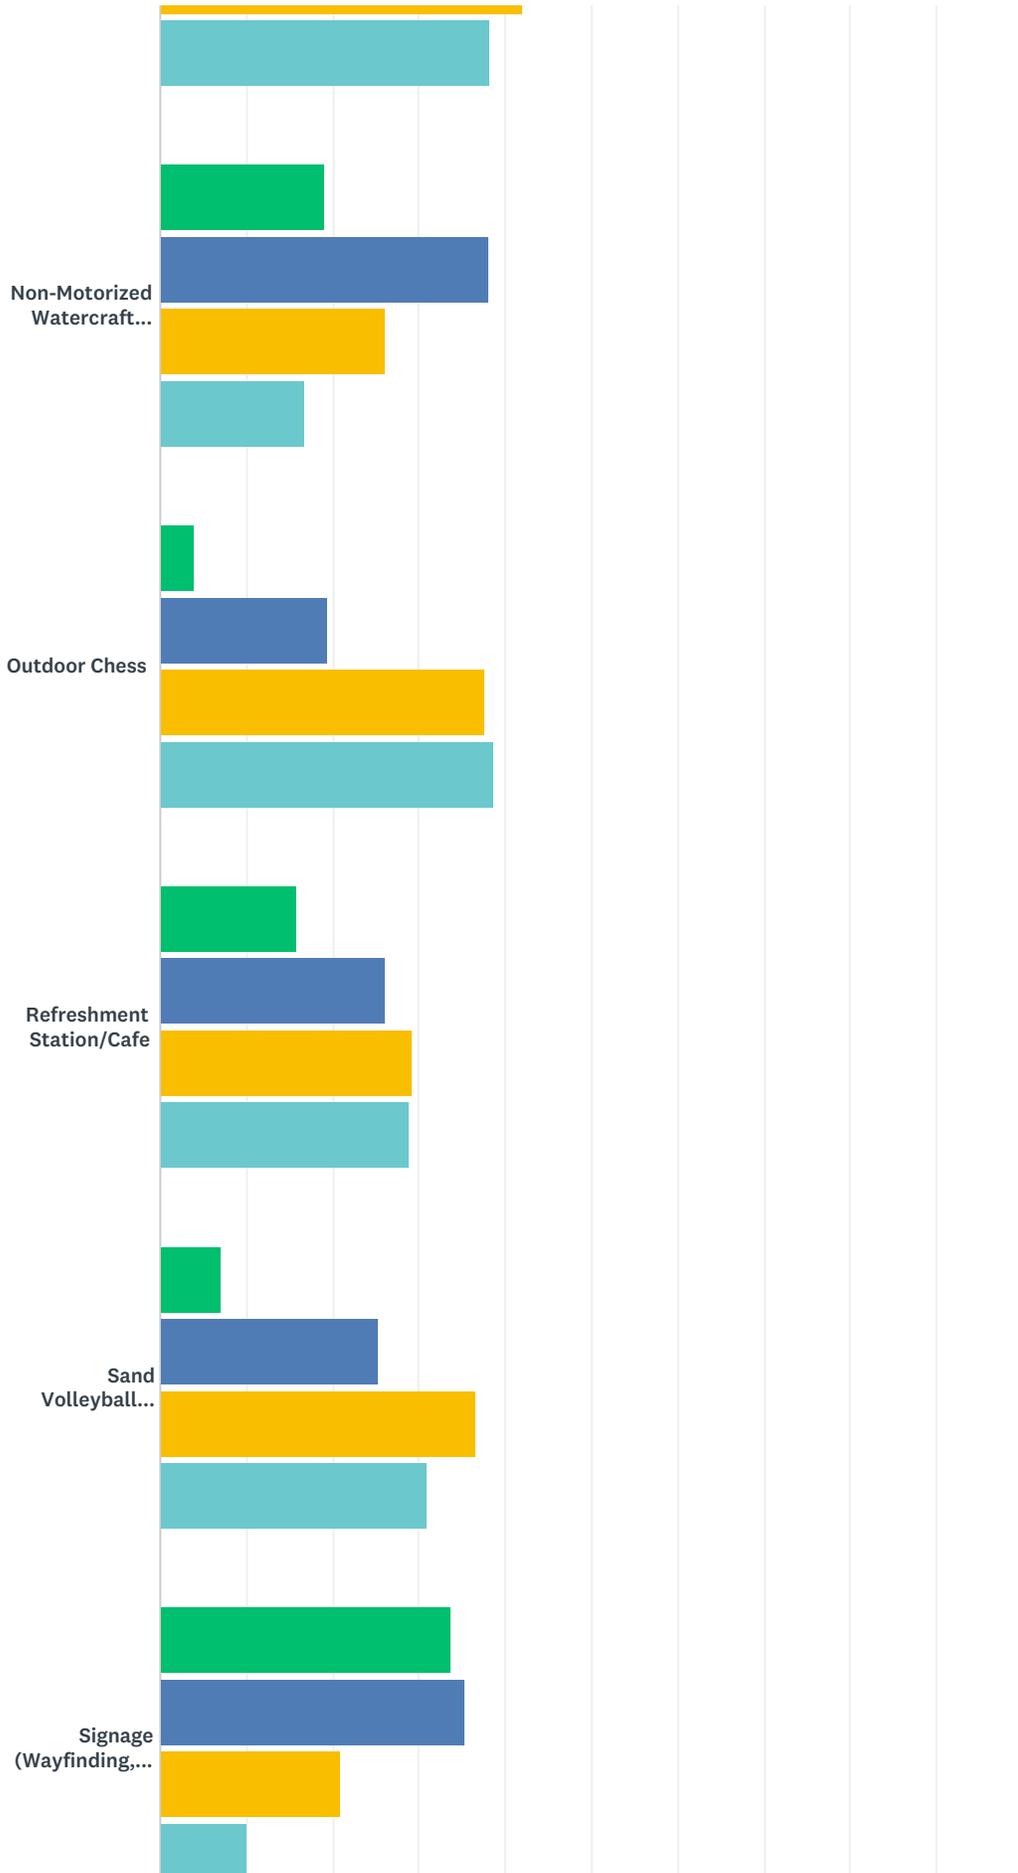

91	Meditate, watch port activities, photography	11/17/2017 8:49 AM
92	I don't go there	11/17/2017 8:42 AM
93	WE NEED A PLAYGROUND- I'd visit more if we had a playground PLEASE	11/17/2017 7:41 AM
94	Enjoy the view of downtown	11/17/2017 6:59 AM
95	Photograph my clients	11/17/2017 5:17 AM
96	Enjoy view	11/16/2017 10:38 PM
97	It is too small to do much walking	11/16/2017 10:35 PM
98	Watch the Port load ships	11/16/2017 9:51 PM
99	Kayak put in	11/16/2017 8:08 PM
100	Walk to and from downtown along old rail line	11/16/2017 5:38 PM
101	Look at the great view	11/16/2017 4:50 PM
102	Visit Rotary Point, volunteer to clean up at Rotary Point	11/16/2017 4:09 PM
103	Disc golf	11/16/2017 2:57 PM
104	View the port, especially when a ship is in port.	11/16/2017 1:27 PM
105	Take photographs.	11/16/2017 1:25 PM
106	Picnic	11/16/2017 12:53 PM
107	With all of the warnings about pollution, enjoying the view is about all I do there.	11/16/2017 11:59 AM
108	read a book	11/16/2017 11:26 AM
109	Birding	11/16/2017 11:17 AM
110	enjoy the water and sky and view of downtown.	11/16/2017 11:17 AM
111	Had a small wedding there	11/16/2017 10:12 AM
112	water contact and views	11/16/2017 9:06 AM
113	views of the water/port/ships, will be launching a kayak in the future hopefully!	11/16/2017 8:01 AM
114	Would like to walk dog, but others let their dogs run free there and my dog growls when off-leash dogs run up to her. Please enforce the leash rules at WB park..	11/15/2017 11:33 PM
115	Fish, photography	11/15/2017 8:04 PM
116	Kayak launch from there when the tide is right.	11/15/2017 7:09 PM
117	ultimate frisbee	11/15/2017 6:58 PM
118	Stop by on walks from the west side to downtown	11/15/2017 6:42 PM
119	eat lunch	11/15/2017 5:01 PM

Q5 How important are each of these types of AMENITIES?

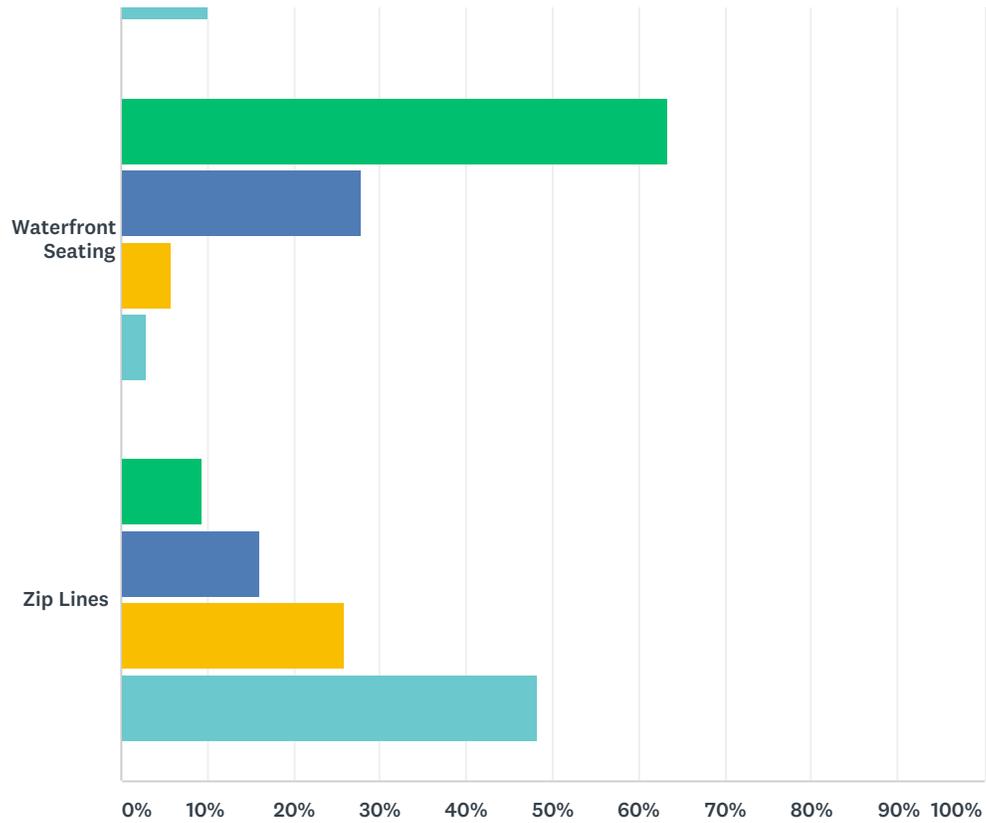

Answered: 749 Skipped: 38

West Bay Restoration & Park Master Plan: Programming

#	THIS FEATURE, NOT LISTED ABOVE, IS VERY IMPORTANT TO ME!...				DATE
1	Dog park. Why do we not have a single one?				12/1/2017 9:40 AM
2	Tennis courts, children's toys, definitely a snack shack and boat rentals would be great, native food and plant trails, eastern WA has similar trails. They also have this park that gives train rides to children, it was very cool, it was in Wenatchee .				12/1/2017 6:29 AM
3	Add/create tidal pools for people to see marine life				11/30/2017 11:54 PM
4	Summer musical events				11/30/2017 11:20 PM
5	Walking trail along the shoreline/Waterfront Restoration				11/30/2017 10:57 PM
6	Nature based play structures (like westmoreland park in PDX)				11/30/2017 9:37 PM
7	Need seating in shaded areas and lots of it for us old people				11/30/2017 8:33 PM
8	use the space for typical NW recreation - cheesy to put in chess sets or zip line - too trendy and easily broken - witnessed wrecked ones in Seattle parks within 6 mo.s				11/30/2017 7:55 PM
9	trails for recreation (hiking) and active transportation (walking and bicycling)				11/30/2017 5:31 PM
10	Local Art like statues				11/30/2017 5:12 PM
11	A security presence				11/30/2017 5:10 PM
12	Wildlife habitat preservation in presently undeveloped area - frog ponds, kingfishers in inlet by rail				11/30/2017 2:53 PM
13	Trail corridor along the West Bay shoreline				11/30/2017 2:49 PM
14	SKATEBOARDING AMENITIES				11/30/2017 2:37 PM
15	Maybe an off-leash area if there's room				11/30/2017 10:33 AM
16	rock climbing walls; picnic tables; outdoor campfire areas; swimming areas/beaches				11/30/2017 10:22 AM
17	Beach access				11/30/2017 8:13 AM
18	Pickleball court				11/30/2017 7:24 AM
19	Nature watching - blinds for bird watching - boardwalk, beach				11/30/2017 7:23 AM
20	Habitat restoration and walking trails				11/30/2017 6:31 AM
21	Community garden. Playground. Bathroom. Picnic tables.				11/29/2017 10:24 PM
22	Unobstructed walking paths				11/29/2017 3:32 PM
23	Mortgage bouy				11/29/2017 1:01 PM
24	Walking trail				11/29/2017 12:48 PM
25	bathroom, picnic tables, dog amenities, drinking fountain				11/29/2017 12:48 PM
26	Accessibility for all!				11/29/2017 9:36 AM
27	Dog park!				11/29/2017 8:38 AM
28	Children's play area				11/29/2017 7:09 AM
29	Walking/biking path				11/29/2017 6:57 AM
30	Pervious parking surfaces that infiltrate runoff				11/29/2017 6:31 AM
31	Bathrooms, picnic area, play area for Children				11/29/2017 3:10 AM
32	Summer entertainment venue				11/28/2017 10:06 PM
33	fitness trail, bbq and picnic tables				11/28/2017 9:37 PM
34	pickleball courts; outdoor dance floor; barbeque grills; picnic tables; waterfront trail				11/28/2017 9:35 PM
35	Pedestrian safety				11/28/2017 9:28 PM

West Bay Restoration & Park Master Plan: Programming

36	Pedestrian trail that connects along the waterfront.. to the Park of the Seven Oars/Bridge/Deschutes Parkway	11/28/2017 9:14 PM
37	Walking path along the waterway	11/28/2017 8:20 PM
38	A place to cook, grill, and enjoy birthdays, holidays, or just perhaps a family reunion with my group! A covered pavillion under which to eat and watervaccess for the kids to play!	11/28/2017 7:35 PM
39	Bike path	11/28/2017 6:52 PM
40	Skate park	11/28/2017 6:48 PM
41	Dog run	11/28/2017 6:47 PM
42	Play structure	11/28/2017 6:16 PM
43	Connection by biking/ walking trails to rest of City. Clean and safe restrooms with a place to change clothes. Bike repair station. Pong!	11/28/2017 5:24 PM
44	A safe walking trail along the shoreline from the current park to Capitol Lake.	11/28/2017 2:43 PM
45	A multiuse walking and hiking path along the railroad track.	11/28/2017 2:33 PM
46	Walking trail	11/28/2017 1:33 PM
47	A small, nature-inspired Children's climbing structure. Not a traditional playground, but something like planned rock and log "piles"	11/28/2017 12:05 PM
48	public bbq grills and covered arias for picnics	11/28/2017 12:00 PM
49	Bicycle/walking trails, and a boardwalk out over the water	11/28/2017 11:44 AM
50	Covered seating! One of the benches or tables are covered and it would be nice to get out of the rain or sun...	11/28/2017 11:39 AM
51	walking paths	11/28/2017 11:00 AM
52	coffee stand	11/28/2017 10:48 AM
53	dog park / dog-friendly amenities	11/28/2017 10:41 AM
54	Playground	11/28/2017 10:28 AM
55	Bird watching	11/28/2017 10:18 AM
56	Native tree and supportive plants to invite small birds.	11/28/2017 10:14 AM
57	Would be great to have signage that familiarizes people with marine wildlife. Also, while I like the idea of the park being dog-friendly, I don't support the idea of having an off-leash area in this location.	11/28/2017 9:21 AM
58	place for local musicians to play live music	11/28/2017 9:15 AM
59	Bike trail connection to deschutes parkway	11/28/2017 9:10 AM
60	Preserving the natural elements and maybe a boardwalk to wetlands w/signage about nature	11/28/2017 9:03 AM
61	running trails	11/28/2017 9:00 AM
62	Covered play structure or seating	11/28/2017 8:51 AM
63	Place for outdoor concerts	11/28/2017 8:46 AM
64	Wildlife habitat preserve	11/28/2017 8:41 AM
65	Paved shared use trail	11/28/2017 8:37 AM
66	Trail to connect to downtown Olympia along the waterfront	11/28/2017 8:34 AM
67	Trail connection to Deschutes Parkway	11/28/2017 8:33 AM
68	Mixed use walking, biking trails	11/28/2017 6:08 AM
69	Restroom, Drinking Water Fountain	11/27/2017 10:01 PM
70	Bike/pedal trail and connections into neighborhood	11/27/2017 6:22 PM

West Bay Restoration & Park Master Plan: Programming

71	Include native plants in landscaping with labels for the plants. Some pathways paved for accessibility for wheelchairs. Some plantings adapted for pleasing smell and interesting texture for touching for interest for blind persons as well as seeing persons.	11/27/2017 4:07 PM
72	Restrooms	11/27/2017 2:29 PM
73	With the contamination of the Bay's water, not sure if we should encourage person to water contact without a shower station?	11/27/2017 2:18 PM
74	Native shrubs, wildlife habitat	11/27/2017 1:36 PM
75	bike and walk commuter trail	11/27/2017 1:17 PM
76	A covered skatepark	11/27/2017 11:33 AM
77	Playground for kids, maybe something covered. Also needs parking!	11/26/2017 8:55 PM
78	picnic tables	11/26/2017 8:49 PM
79	Ecological function, climate change impacts	11/26/2017 8:43 PM
80	Dog park	11/26/2017 5:36 PM
81	Skatepark! Olympia's has the two most poorly designed skateparks I've ever seen. We need better options!	11/26/2017 12:30 PM
82	Off leash beach area for dog swimming	11/25/2017 6:05 PM
83	Body weight equipment like adult monkey bars, pullup bars, rings, bar dips, etc.	11/25/2017 5:54 PM
84	Pickle ball courts	11/25/2017 8:50 AM
85	Complete the trail to Deschutes Parkway	11/25/2017 8:23 AM
86	Signage that honors the indigenous people of that area, about the canoe journey, and states "The Medicine Creek Treaty"	11/24/2017 10:22 PM
87	A dog park would be nice.	11/24/2017 10:17 PM
88	A covered skate park!	11/24/2017 10:16 PM
89	Walking trail on old railroad trestle/track	11/24/2017 6:58 PM
90	Trail connectivity-As much as possible!	11/24/2017 1:48 PM
91	Maintaining views as one drives and walks on West Bay Dr.	11/24/2017 11:00 AM
92	skatepark	11/23/2017 10:56 PM
93	Walkways	11/23/2017 1:56 PM
94	Skateboard Features	11/22/2017 7:54 PM
95	ADA accessibility: Lots of seating areas, walking trails that are also wheelchair/walker friendly, disabled parking available, bathrooms	11/22/2017 6:18 PM
96	Covered area for picnics/ bathroom	11/22/2017 4:11 PM
97	Basketball court	11/22/2017 2:04 PM
98	Skate Park	11/22/2017 8:35 AM
99	Dog poop clean up stations	11/21/2017 9:48 PM
100	Bathrooms	11/21/2017 8:32 PM
101	rental space for personal watercraft, non-motor	11/21/2017 8:07 PM
102	Just being able to access the beach with clean water.	11/21/2017 7:35 PM
103	Please section off an area for off leash dog park! We need it so badly!	11/21/2017 7:32 PM
104	walking trails/ path	11/21/2017 7:29 PM
105	Skateboarding features	11/21/2017 7:27 PM
106	A Skate Court	11/21/2017 5:35 PM
107	picnic areas	11/21/2017 2:38 PM

West Bay Restoration & Park Master Plan: Programming

108	Playground areas for children - BigToys - like on percival landing, dog park area	11/21/2017 2:22 PM
109	Skatepark!!!	11/21/2017 2:00 PM
110	A rock climbing structure like the one they have at marymoor park and sprinker recreation center	11/21/2017 1:46 PM
111	Covered space for group gatherings/bbq's	11/21/2017 12:55 PM
112	Urban activities for families---not a rural waterfront	11/21/2017 11:57 AM
113	Skate park	11/21/2017 11:25 AM
114	New waterfront skatepark!	11/21/2017 11:06 AM
115	Skate park!!!	11/21/2017 10:38 AM
116	Skate parks	11/21/2017 10:24 AM
117	a new skatepark	11/21/2017 10:04 AM
118	Off leash dog park	11/21/2017 8:54 AM
119	A place to skate would be great!!	11/21/2017 8:20 AM
120	restroom	11/21/2017 7:07 AM
121	More skateparks	11/20/2017 11:39 PM
122	Play structure, picnic areas, shady areas, open fields	11/20/2017 10:28 PM
123	Skate park!!!!	11/20/2017 10:18 PM
124	Public Restrooms	11/20/2017 9:11 PM
125	Ecological restoration opportunities for citizens	11/20/2017 9:00 PM
126	A shelter for picnics and group/family activities.	11/20/2017 8:44 PM
127	Skatepark	11/20/2017 8:01 PM
128	Wide path for walkers and runners. Wider than the sidewalk around the lake. Path must connect to downtown.	11/20/2017 8:01 PM
129	Walking paths	11/20/2017 7:55 PM
130	Leashed dogs allowed, toilets, attending park rangers	11/20/2017 7:24 PM
131	Very wide foot path from West Bay Park to downtown (wider than the sidewalk around the lake)- plenty of room for walkers and runners to share the path. It would be a HUGE disappointment if only a small sidewalk was included.	11/20/2017 7:22 PM
132	Connection to tribes	11/20/2017 5:11 PM
133	Pump track from Velosolutions!	11/20/2017 5:09 PM
134	skatepark	11/20/2017 4:08 PM
135	Skateboard park	11/20/2017 4:03 PM
136	Observation of wildlife and ocean life. Just having access to the water is so important and so needed. access to nature.	11/20/2017 3:45 PM
137	Skating and tennis	11/20/2017 2:55 PM
138	Off leash dog park with water access.	11/20/2017 2:51 PM
139	Water fountains & public bathrooms if possible.	11/20/2017 2:47 PM
140	Covered skateboarding/BMX park	11/20/2017 2:29 PM
141	Skateboard features	11/20/2017 2:24 PM
142	Skate park	11/20/2017 2:16 PM
143	Skate park	11/20/2017 2:15 PM
144	Skateable structures, ramps, rails, ledges.	11/20/2017 2:13 PM

West Bay Restoration & Park Master Plan: Programming

145	Dog Park! Even if small, we BADLY need Dog parks. Whatever bio-remediation which might be needed near waterfront, should be employed. Tired of hearing City say NO to dog parks. It's way beyond time to install one. My dog LOVES to chase the ball into water....so a small beach in this park is useful not only for boat launching, but also for playing.	11/20/2017 1:47 PM
146	Skateboard obstacles	11/20/2017 1:46 PM
147	SKATE PARK	11/20/2017 1:36 PM
148	play toys, fitness toys for older kids/adults	11/20/2017 1:24 PM
149	Skateboarding plaza	11/20/2017 1:19 PM
150	skatepark	11/20/2017 12:54 PM
151	Skateboard Park	11/20/2017 12:50 PM
152	Skatepark	11/20/2017 12:41 PM
153	Rest rooms, board walk over the water in place of railroad tracks, bike/walking path to downtown, a covered pavilion for classes and picnics, environmental restoration	11/20/2017 12:16 PM
154	new skateboard structures within olympia would be very nice most are getting run down or out of date	11/20/2017 12:00 PM
155	Skatepark/ skateboarding feature	11/20/2017 11:55 AM
156	Olympia is lacking a covered skateboarding area. We can't skate in the rain!	11/20/2017 11:54 AM
157	Skatepark	11/20/2017 11:53 AM
158	West Bay Trail to/through the park. Right now the park is a dead-end sort of place. Granted, the views are lovely there, but it could draw more people more often by serving a transportation and fitness purpose too.	11/20/2017 11:53 AM
159	Trails	11/20/2017 10:58 AM
160	Natural tidelands	11/20/2017 6:28 AM
161	A balanced ecosystem	11/19/2017 11:14 PM
162	water fountains, restrooms, parking	11/19/2017 9:20 PM
163	disability access to edge of water	11/19/2017 7:41 PM
164	Native plants and trees	11/19/2017 7:08 PM
165	clean restrooms	11/19/2017 5:50 PM
166	West Bay provides an important bike and pedestrian link into downtown. It's trails need to provide safe, off road pathways to make non-auto transportation links that are safe for all levels of riders/walkers.	11/19/2017 5:48 PM
167	Nature trails, wildlife habitat	11/19/2017 4:42 PM
168	dog park	11/19/2017 4:15 PM
169	Heavy Duty, classic swings that adults can swing on too.	11/19/2017 3:02 PM
170	I like it how it is because it isn't over-crowded. It's a nice quiet park. Please no corny shit to get more people.	11/19/2017 1:40 PM
171	pedestrian connection between West Bay Park and Percival Landing	11/19/2017 1:23 PM
172	Ecological restoration / educational opportunity	11/19/2017 12:43 PM
173	Dining option, Small outdoor stage for music and theater, Playground, open space, connection to downtown via sidewalk/trail, coffee stand	11/19/2017 10:15 AM
174	Interpretive hiking trail through the woods	11/19/2017 10:02 AM
175	Fenced Dog park for off leash dog exercise.	11/19/2017 9:15 AM
176	dog park	11/19/2017 8:50 AM
177	Bathrooms, water fountain	11/19/2017 7:58 AM
178	Playground	11/19/2017 7:40 AM

West Bay Restoration & Park Master Plan: Programming

179	Fenced in dog park	11/19/2017 7:18 AM
180	Dog park	11/18/2017 6:48 PM
181	Connection to neighborhood	11/18/2017 2:08 PM
182	Walking trails	11/18/2017 1:27 PM
183	picnic tables	11/18/2017 1:18 PM
184	walking/bike path separation; water access/wading area for children.	11/18/2017 11:01 AM
185	Path to downtown	11/18/2017 10:43 AM
186	Off leash dog park--amazed it is not included above!	11/18/2017 10:15 AM
187	Running trail with water fountains	11/18/2017 10:00 AM
188	public art!	11/18/2017 9:40 AM
189	Art	11/18/2017 8:34 AM
190	Dog park	11/18/2017 8:02 AM
191	off leash dog park	11/18/2017 7:47 AM
192	walking, bicycle trails to downtown	11/18/2017 7:13 AM
193	Dog park	11/18/2017 6:34 AM
194	Play space for kids	11/18/2017 3:38 AM
195	Having space for nature to thrive. Currently there are quite a lot of animals that use that space for their own many purposes. If some of these spaces were open to the public. We would be reducing the space available for nature to thrive comfortably. I feel this consideration is very important to me and many others.	11/18/2017 1:38 AM
196	Skate park	11/18/2017 12:22 AM
197	Toilets	11/17/2017 11:52 PM
198	Ferris wheel!	11/17/2017 11:44 PM
199	Nature, climbing options for kids (like boulders and logs, not necessarily playground equipment), public art, walking and biking, responsible dog areas	11/17/2017 11:32 PM
200	Skateboard park	11/17/2017 11:10 PM
201	art, and natural children's play structure	11/17/2017 10:12 PM
202	Sports field! We don't have enough places to play sports with our kids!	11/17/2017 9:08 PM
203	An actual bathroom, not an outhouse	11/17/2017 9:04 PM
204	waterfront walkway	11/17/2017 8:09 PM
205	quiet viewing nature	11/17/2017 8:07 PM
206	walking paths that are safe, well-lighted, and patrolled	11/17/2017 7:20 PM
207	Play structure	11/17/2017 7:11 PM
208	SKATEPARK!!	11/17/2017 6:54 PM
209	Playground or natural playground	11/17/2017 6:53 PM
210	skatepark	11/17/2017 6:33 PM
211	Play structure	11/17/2017 6:32 PM
212	Picnic tables	11/17/2017 6:24 PM
213	Dog park area with water access for dogs	11/17/2017 6:21 PM
214	Covered skatepark	11/17/2017 5:00 PM
215	Off-leash dog fenced area	11/17/2017 4:58 PM
216	Off leash dog park	11/17/2017 4:41 PM

West Bay Restoration & Park Master Plan: Programming

217	Walking/running path. Barbq stations, picnic tables	11/17/2017 4:29 PM
218	Children's play area that is not just ziplines	11/17/2017 4:17 PM
219	Ressteooms	11/17/2017 4:08 PM
220	Skatepark	11/17/2017 4:03 PM
221	Water fountain	11/17/2017 3:52 PM
222	Playground	11/17/2017 3:42 PM
223	Restrooms with running water instead of porta-potties!	11/17/2017 3:26 PM
224	DOG PARK!!!!	11/17/2017 3:25 PM
225	Playground	11/17/2017 2:33 PM
226	Fenced Children's playground, water accessibility (like hocm stream, splash pad), shaded areas for hot days (trees, sun sails)	11/17/2017 2:15 PM
227	Playgrounds for children!	11/17/2017 2:11 PM
228	Playground and children's play areas. Even if it means a bunch of rocks to jump and climb on, tree stumps, sand pits, etc.	11/17/2017 1:58 PM
229	Outdoor Exercise Equipment	11/17/2017 1:48 PM
230	non-commercial, peaceful	11/17/2017 1:44 PM
231	Skatepark	11/17/2017 12:41 PM
232	Off leash dog park	11/17/2017 12:37 PM
233	Waterfront walk to downtown along the shoreline	11/17/2017 12:36 PM
234	Covered concrete half pipe for skateboarding	11/17/2017 12:23 PM
235	Skatepark	11/17/2017 12:13 PM
236	Off leash Dog areas!!!	11/17/2017 12:02 PM
237	Additional Trails	11/17/2017 11:38 AM
238	Covered concrete miniramp	11/17/2017 11:35 AM
239	skateboard park	11/17/2017 11:22 AM
240	Interesting native plants	11/17/2017 11:14 AM
241	Playground	11/17/2017 11:04 AM
242	Skate park	11/17/2017 10:49 AM
243	Outdoor stage for music and theater events	11/17/2017 10:43 AM
244	Children's play area and knowing whether or not the beach sand is contaminated so I can let my kids play in it or not	11/17/2017 10:35 AM
245	Skatepark	11/17/2017 10:22 AM
246	My preference would be to restore the ecology and leave as natural as possible.	11/17/2017 10:17 AM
247	Children's playground, preferably with both a wet(splash pad type) and dry sections.	11/17/2017 10:00 AM
248	Dog park, splash pad, toddler playground, lots of trees	11/17/2017 9:47 AM
249	Skateboard park	11/17/2017 9:39 AM
250	skateboard area	11/17/2017 9:25 AM
251	Fenced-in dog park!!	11/17/2017 9:25 AM
252	Skateboard park	11/17/2017 9:16 AM
253	Skateboarding features	11/17/2017 9:01 AM
254	Off-leash fenced dog park area	11/17/2017 8:52 AM
255	Equipment for kids to play on	11/17/2017 8:30 AM

West Bay Restoration & Park Master Plan: Programming

256	Walking paths	11/17/2017 8:27 AM
257	Just a swing set for kids. Don't want a whole playground but a small swing set would be nice!	11/17/2017 8:24 AM
258	Dog waste bag station	11/17/2017 8:17 AM
259	playground	11/17/2017 8:14 AM
260	Small cottage type shops would be great to support local. Something to make our city enjoyable and draw others in. If things don't change for the better, we're going to move. It's gotten so bad.	11/17/2017 8:12 AM
261	Playground.	11/17/2017 8:10 AM
262	walking trails, native plants, DOG PARK!!!!	11/17/2017 8:07 AM
263	nice dog park	11/17/2017 7:47 AM
264	How are you going to keep vandalism from happening to these things if you don't fix the REAL problem with Olympia?	11/17/2017 7:44 AM
265	Public art	11/17/2017 7:38 AM
266	Dog park!! Picnic areas! Please do not put in anything for motorized boats. The park is great for kayakers, sightseers, and dog walking and boats will crowd those folks out. A dog park is essential. I live in the neighborhood and there are probably more dogs than kids. We have no place to let our dogs run legally so we all attempt to share non fenced open spaces which is not safe or ideal. Why is a dog park not on this list?! Also, including paved walking trails would be great.	11/17/2017 7:32 AM
267	More walking trails	11/17/2017 7:00 AM
268	Dog play area	11/17/2017 6:40 AM
269	Walking/running trails	11/17/2017 6:36 AM
270	Dog park	11/17/2017 6:29 AM
271	An off-leash dog park	11/17/2017 2:20 AM
272	Fenced off leash dog area	11/17/2017 12:09 AM
273	Nature	11/17/2017 12:06 AM
274	covered seating areas!!!	11/16/2017 11:57 PM
275	Nature preserved	11/16/2017 11:05 PM
276	Hiking trail that connects to other trails (i.e., Garfield Nature Trail and Capitol Lake trails)	11/16/2017 11:04 PM
277	Restroom facilities	11/16/2017 10:40 PM
278	Olympia really needs an off leash dog park. There is a nice big grassy area that would be so great for that!	11/16/2017 10:39 PM
279	Sidewalks for walking (like Ruston Way Tacoma)	11/16/2017 10:37 PM
280	environmental education	11/16/2017 10:24 PM
281	Disc Golf Course	11/16/2017 10:21 PM
282	Dry seating	11/16/2017 10:09 PM
283	More restrooms!	11/16/2017 10:02 PM
284	Bird watching, picnic areas	11/16/2017 10:01 PM
285	Nature playground	11/16/2017 9:40 PM
286	Restoration of the natural shoreline	11/16/2017 9:23 PM
287	public restrooms open 24 hours a day.	11/16/2017 9:15 PM
288	Dog Park features (particularly off-leash space for dogs to run around in)	11/16/2017 8:49 PM
289	Bathrooms, water fountain, trail to 5th Ave.	11/16/2017 8:14 PM
290	PLAYGROUND!!! And a rentable cabin or structure for parties/events	11/16/2017 8:13 PM
291	The trail to connect to downtown Olympia is very important	11/16/2017 6:17 PM

West Bay Restoration & Park Master Plan: Programming

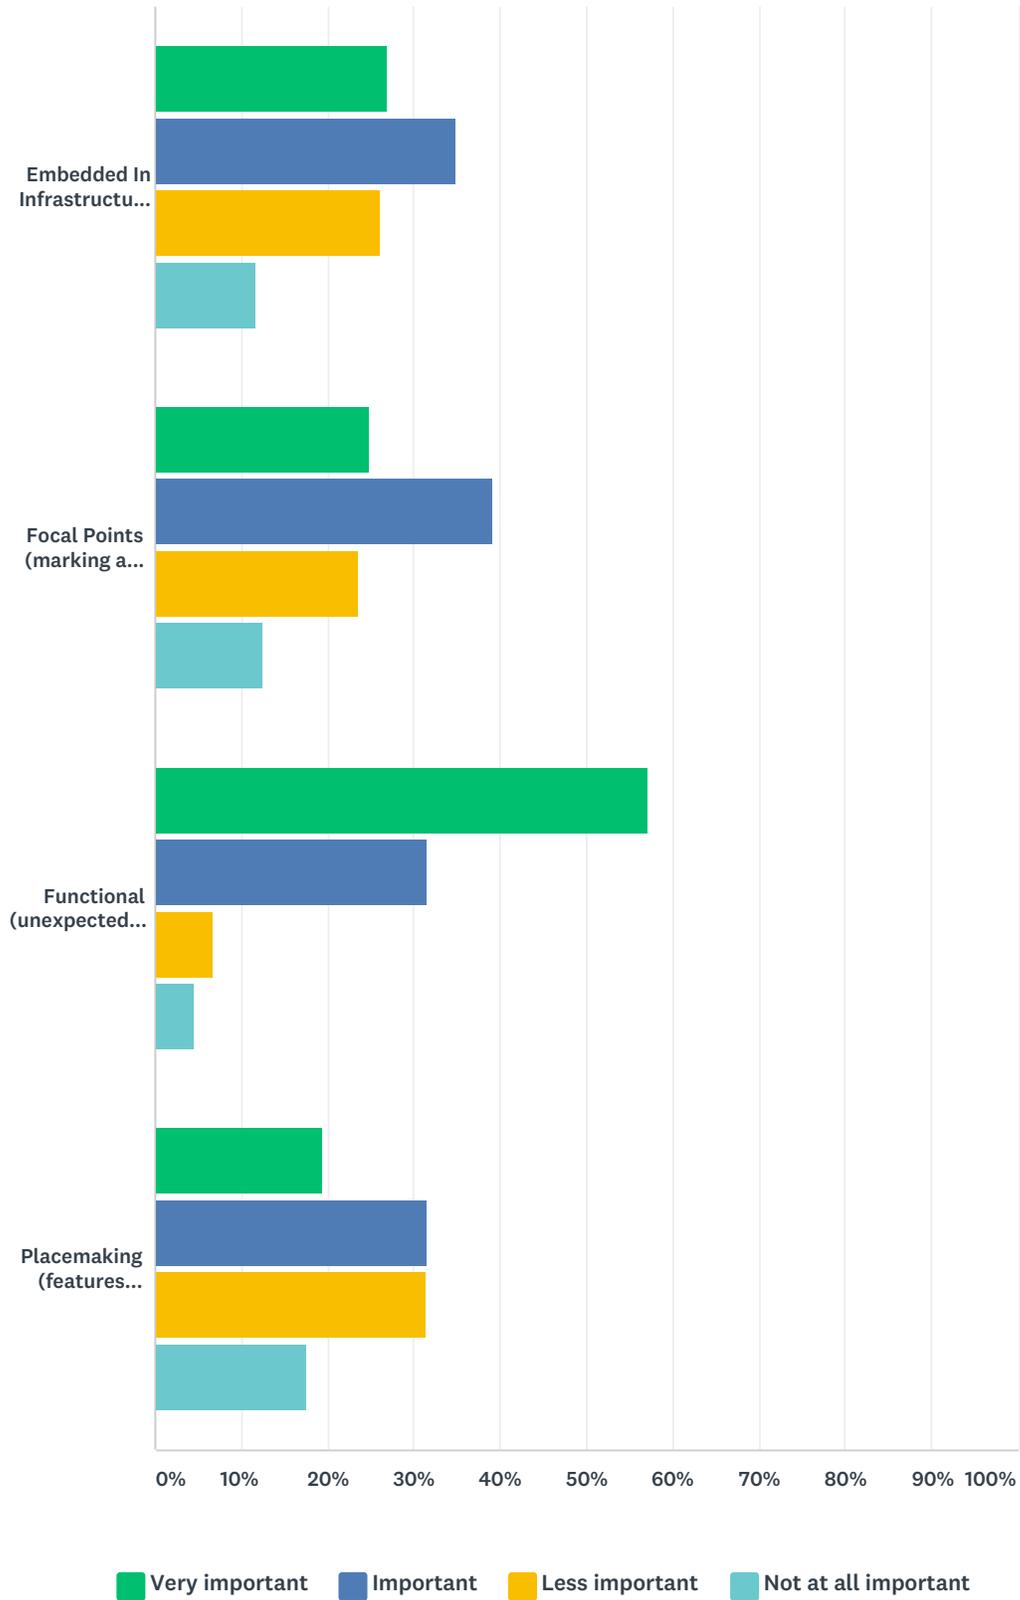

292	Running/walking trails connecting to the rest of the city	11/16/2017 5:58 PM
293	clean uncontaminated beaches	11/16/2017 4:56 PM
294	Picnic shelter	11/16/2017 4:52 PM
295	boardwalk for walking from downtown to West Bay Park.	11/16/2017 4:35 PM
296	walking path connecting to Capitol Lake / Percival Landing	11/16/2017 4:10 PM
297	Think Victoria BC.	11/16/2017 3:58 PM
298	accessible trails and parking	11/16/2017 3:53 PM
299	Running trails	11/16/2017 3:03 PM
300	Disc golf	11/16/2017 2:57 PM
301	Bike/ped trail	11/16/2017 2:25 PM
302	Public art.	11/16/2017 1:27 PM
303	Water park, playground,	11/16/2017 1:21 PM
304	Parking	11/16/2017 1:09 PM
305	Picnic areas	11/16/2017 12:55 PM
306	Bathroom, path to Deschutes parkway	11/16/2017 12:12 PM
307	An east coast style "boardwalk" with vendors and entertainment for the public. There are many beautiful shores in the area but most are private owned.	11/16/2017 12:04 PM
308	A few covered benches or seats to protect from the rain.	11/16/2017 11:29 AM
309	Benches that are in shaft areas. Dog poop bags/disposal areas.	11/16/2017 11:21 AM
310	walking path connecting to north and south	11/16/2017 11:19 AM
311	Dog water stations	11/16/2017 11:15 AM
312	off leash dog area!	11/16/2017 11:05 AM
313	Dog park, continuation of Capitol lake trail, open spaces. Multi use spaces.	11/16/2017 10:32 AM
314	Stages. Multiple platforms where actors could perform a play, or small acoustic groups could play. A bandstand or covered stage would be great as well,	11/16/2017 10:20 AM
315	Paved walk ways/ restroom	11/16/2017 10:15 AM
316	Running path	11/16/2017 9:58 AM
317	Rain covered seating	11/16/2017 9:55 AM
318	Ya know, the inside estuary during high tide might make for a good RC boat launch/pond.	11/16/2017 9:46 AM
319	Dog park	11/16/2017 9:33 AM
320	A trail wide enough to push a stroller, walk a dog, or run without having to go around people constantly.	11/16/2017 9:33 AM
321	Playground, dog park, restrooms, picnic tables, parking areas, grassy areas	11/16/2017 9:21 AM
322	Finishing the pedestrian connection between the park and fifth avenue	11/16/2017 9:15 AM
323	Something for children to do indoors in the winter months would be great.	11/16/2017 9:13 AM
324	a nice bike/walking path and doggie bags	11/16/2017 8:46 AM
325	pickleball courts	11/16/2017 8:28 AM
326	Water front Paths / access / walking paths / bike paths	11/16/2017 8:26 AM
327	outdoor exercise/fitness stations - you can see google images from this concept in Boston all along the Charles river - here's a link to a photo: https://d3n8a8pro7vhm.cloudfront.net/cambridgema/pages/839/attachments/original/1448373787/exercise1.jpg?1448373787	11/16/2017 8:07 AM
328	Disc golf	11/16/2017 7:24 AM

West Bay Restoration & Park Master Plan: Programming

329	safe, clean rest room	11/15/2017 11:35 PM
330	Walking trails	11/15/2017 11:00 PM
331	Walking/Biking Path; Art	11/15/2017 10:44 PM
332	Dog off leash area	11/15/2017 10:28 PM
333	trail	11/15/2017 10:15 PM
334	Playground	11/15/2017 10:08 PM
335	Toilet	11/15/2017 10:01 PM
336	off road bike/pedestrian trail connecting to other trails	11/15/2017 9:09 PM
337	A very wide walking and biking path so that many different types of people and bikes can enjoy simultaneously	11/15/2017 8:30 PM
338	Water for cleaning up dogs and humans (the mud flat is nasty). Toilets.	11/15/2017 8:19 PM
339	Honestly, any features would be fun--just try to make sure they make sense together (so maybe not bocce and ziplines, for example).	11/15/2017 8:14 PM
340	Fishing, small motorized boat launch	11/15/2017 8:07 PM
341	dog park	11/15/2017 7:46 PM
342	Walking / bicycle path along the entire path. Connect with Capital Lake path	11/15/2017 7:12 PM
343	A linked trail along the entire way bay shoreline to Westbay marina	11/15/2017 7:07 PM
344	Dog park	11/15/2017 7:05 PM
345	bike path to get from westside to downtown	11/15/2017 7:00 PM
346	Walkable/bikeable connectivity from Crestline to downtown	11/15/2017 6:45 PM
347	Dog park!!	11/15/2017 6:43 PM
348	Dog park, running trail.	11/15/2017 6:13 PM
349	toilets	11/15/2017 5:24 PM
350	Restroom or drinking fountain	11/15/2017 4:15 PM
351	Art, perhaps in the form of a sculpture park. We have so many talented artists in our community it would be lovely to see their creations have a permanent location for all to view as we stroll along and around the park and shoreline area. Please don't put a playground or bike path in as I think those things just take over any respite and quiet communion with nature that we so desperately need!	11/15/2017 3:52 PM

Q6 How important are each of these types of ART?

Answered: 745 Skipped: 42

West Bay Restoration & Park Master Plan: Programming

	VERY IMPORTANT	IMPORTANT	LESS IMPORTANT	NOT AT ALL IMPORTANT	TOTAL
Embedded In Infrastructure (subtle, underfoot, along paths)	27.00% 199	35.01% 258	26.19% 193	11.80% 87	737
Focal Points (marking a special aspect of the site, encouraging exploration)	24.90% 183	39.05% 287	23.54% 173	12.52% 92	735
Functional (unexpected elements to sit/walk/relax on)	57.14% 424	31.54% 234	6.74% 50	4.58% 34	742
Placemaking (features unique to a single place)	19.43% 142	31.60% 231	31.33% 229	17.65% 129	731

#	THIS FEATURE, NOT LISTED ABOVE, IS VERY IMPORTANT TO ME!...	DATE
1	functional and placemaking of less concrete than the photos shown (use natural materials)	11/30/2017 11:56 PM
2	Historical stuff, not that ugly modern art	11/30/2017 8:34 PM
3	these are outdated so quickly - the natural setting - native plants, well landscaped used for borders and place markers.	11/30/2017 7:56 PM
4	well-designed features for sitting, strolling, running or walking (so like functional art but just design that invites these human activities)	11/30/2017 5:32 PM
5	SKATEBOARDING AMENITIES	11/30/2017 2:38 PM
6	Perhaps camping and restrooms for public	11/30/2017 11:57 AM
7	To me, nature is the point. This is a place to enjoy the view and fresh air.	11/30/2017 10:48 AM
8	natural/native landscaping; water features; waterway bridges	11/30/2017 10:25 AM
9	gravel beach walk; boardwalk; indigenous people's history interpretation	11/30/2017 7:24 AM
10	Walking trails	11/30/2017 6:31 AM
11	Rotating public art exhibition ie visiting art displays	11/29/2017 12:51 PM
12	Making sure that functional elements are accessible and usable be all park visitors.	11/29/2017 9:38 AM
13	Historical information in focal point	11/28/2017 10:08 PM
14	Shelter	11/28/2017 8:21 PM
15	A dog park, so my dogs can interact with other dogs! I do not need fancy sidewalks to enjoy a picnic, or take my dog to a safe enclosed place to meet other playmates!	11/28/2017 7:38 PM
16	The features should light up at night with LEDs for beauty and safety !	11/28/2017 5:26 PM
17	Keep it simple. Dont make it too formal.	11/28/2017 3:14 PM
18	A drinking fountain.	11/28/2017 2:45 PM
19	Art that connects with the tides and the wind such as windvanes, tidal features, etc.	11/28/2017 2:35 PM
20	Natural landscaping, not simply clearing everything and planting a shrub or two	11/28/2017 11:40 AM
21	Nature, view	11/28/2017 10:42 AM
22	Landscaping with areas of focus that changes with the seasons. ie native flowering bushes.	11/28/2017 10:18 AM
23	Art by local artists, please	11/28/2017 8:34 AM
24	Artsapes that are made of natural materials and can also function as playground areas for kids	11/28/2017 6:09 AM
25	Feature that invites interaction, looking through an opening, a telescope for viewing birds or other shore.	11/27/2017 4:11 PM
26	shade, educational info, and most: something that cleans up the area such as oysters?	11/27/2017 1:18 PM
27	addition of native art and place making (as history of area)	11/27/2017 11:34 AM
28	'functional' ie for sitting/sleeping/camping on is very unappealing	11/26/2017 1:51 PM

West Bay Restoration & Park Master Plan: Programming

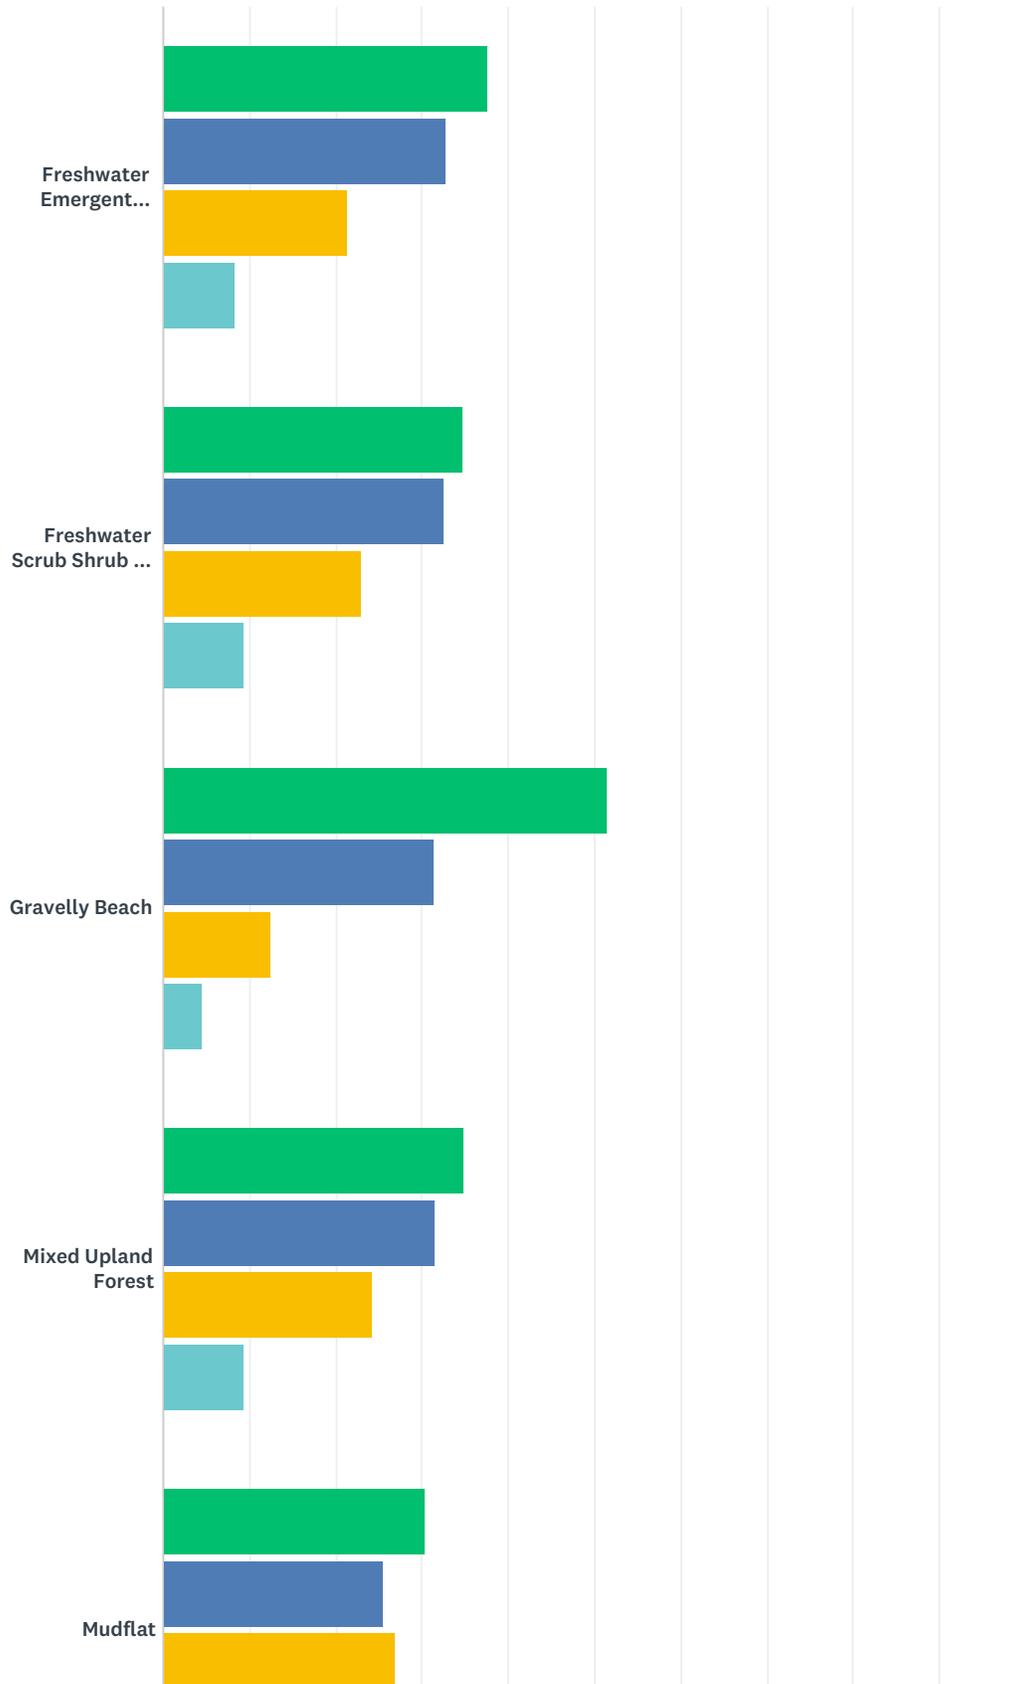

29	Maybe skate-able art?	11/26/2017 12:31 PM
30	All public art should have a utilitarian function, such as rain shelter, seating, bicycle parking.	11/25/2017 8:24 AM
31	Maybe a monument that honors our relationship with the water and our responsibility to it.	11/24/2017 10:24 PM
32	covered skate ramps	11/23/2017 10:56 PM
33	Besides sitting/relaxing on a functional feature, being able to interact with a feature in an active way is also important.	11/23/2017 10:11 PM
34	markers that explain the history of West Bay area	11/23/2017 11:45 AM
35	Inspired skateboard structures	11/22/2017 7:55 PM
36	Graffiti wall/art wall for public	11/22/2017 8:36 AM
37	Art courses	11/21/2017 8:14 PM
38	not having to have to have art.	11/21/2017 7:37 PM
39	Skateboarding features	11/21/2017 7:28 PM
40	Focal points that are complimentary to the natural surrounds and twll of the history of the area, preferably from the Indigenous community	11/21/2017 7:22 PM
41	Interactive art, ex. A fence where people can put locks without them being cut off. A place where people can easily take photos a	11/21/2017 8:56 AM
42	Shelter as art	11/20/2017 8:45 PM
43	Native art	11/20/2017 5:11 PM
44	skatepark	11/20/2017 4:09 PM
45	SKATING	11/20/2017 2:56 PM
46	Skatepark	11/20/2017 2:16 PM
47	Skateable structures.	11/20/2017 2:14 PM
48	Mosaic art is wonderful, please refer to the new Tumwater park over the golf course/Deschutes area....lots of gorgeous mosaic underfoot, using just about all the elements mentioned here in one art form.	11/20/2017 1:49 PM
49	Functional art that can also be skateable	11/20/2017 1:47 PM
50	Skateboard structures can be art too!	11/20/2017 11:56 AM
51	Public art is very important, but it should never impact the convenience or safety of users, in this case pedestrians and cyclists. For example, in-pavement art should never result in slippery surfaces (as with the 4th Avenue Bridge mosaics). Seating design should shed water well and dry quickly, and properly shelter people from the elements instead of just being fanciful but lacking proper function. Bike racks should not be "cute for cute's sake" but adhere to the needs of cyclists first and foremost.	11/20/2017 11:53 AM
52	Rotating local artwork/exhibits	11/19/2017 9:21 PM
53	foot/bike transportation to downtown	11/19/2017 8:59 PM
54	Keep it natural	11/19/2017 7:09 PM
55	interactive	11/19/2017 5:51 PM
56	Artwork planning should be fully intregated into all aspects of park planning.	11/19/2017 5:49 PM
57	fenced dog park for off leash dog exercisint	11/19/2017 9:16 AM
58	The location is so beautiful I don't feel it really needs much.	11/19/2017 8:00 AM
59	Food trucks. Restaurants. Anything like Tacoma!!!!	11/18/2017 1:10 PM
60	all features need to be climbable (designed assuming kids will climb them.)	11/18/2017 11:04 AM
61	Subtle elements that don't compete with the natural beauty	11/18/2017 10:45 AM
62	Prioritizing indigenous influence on any of these, and any others that may be suggested. Thank you. Respect those who have had their lands stolen.	11/18/2017 1:41 AM

West Bay Restoration & Park Master Plan: Programming

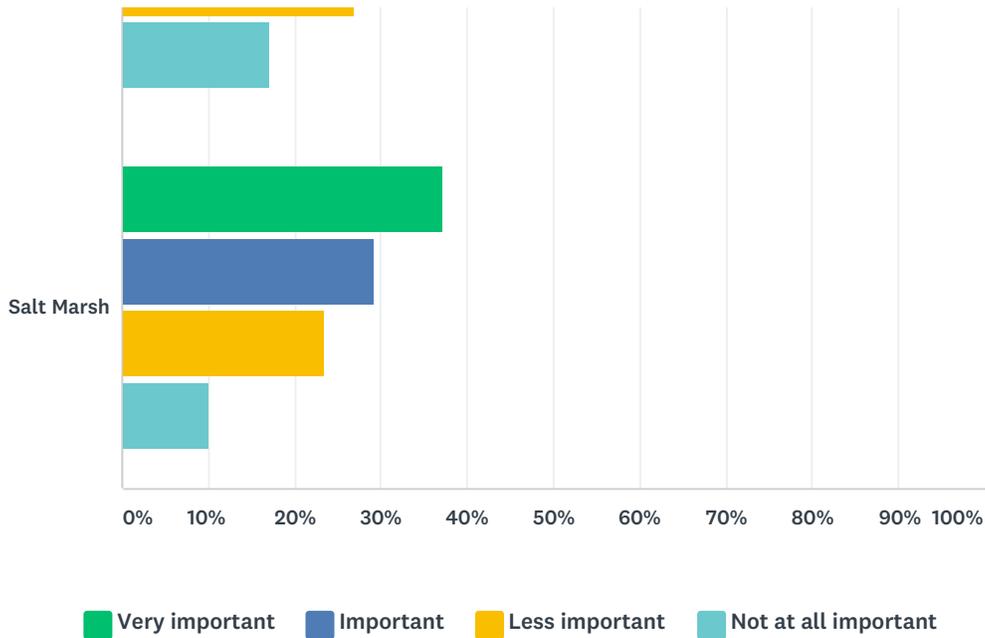

63	locally produced, local artists supported, minority artists featured	11/17/2017 10:14 PM
64	the natural setting should not be compromised by installations	11/17/2017 8:08 PM
65	Telescope & nature information	11/17/2017 6:26 PM
66	Skateable art	11/17/2017 5:00 PM
67	Artist in residence approach might meet multiple criteria: historical connection, day camps	11/17/2017 4:21 PM
68	Interactive art (climb able, musical, etc)	11/17/2017 2:16 PM
69	Stone Foot Massage Paths	11/17/2017 1:52 PM
70	native plant restoration, litter clean-up	11/17/2017 1:46 PM
71	Skatepark	11/17/2017 12:44 PM
72	Ledges for sitting and skateboarding on.	11/17/2017 12:24 PM
73	Skatepark	11/17/2017 12:14 PM
74	Covered concrete miniramp	11/17/2017 11:35 AM
75	skateboard park	11/17/2017 11:22 AM
76	My preference would be to restore the ecology and leave as undeveloped as possible.	11/17/2017 10:18 AM
77	Functional musical structures. Dual purpose	11/17/2017 9:49 AM
78	Skateboard dot or park	11/17/2017 9:40 AM
79	functional skate park	11/17/2017 9:26 AM
80	Transitions or curbs to skateboard	11/17/2017 9:16 AM
81	Functional/ Skateboard-able sculpture	11/17/2017 9:02 AM
82	Shaded areas. Benches	11/17/2017 8:54 AM
83	Outdoor sculpture	11/17/2017 6:41 AM
84	Simplicity allows nature to be the focus	11/16/2017 11:06 PM
85	Hiking trail that allows easy connection to other nearby trails (i.e., Capitol Lake, Garfield Nature Trail)	11/16/2017 11:06 PM
86	Water fountains, functional for kids, soundmaking like by children's museum (interactive)—attract families!!!! And dogs	11/16/2017 10:38 PM
87	interactive art	11/16/2017 10:25 PM
88	Water feature	11/16/2017 10:02 PM
89	Interpretive discussion on the history of Budd Inlet and how the Port of Olympia has assumed the legacy cleanup of generations past	11/16/2017 9:55 PM
90	references to indigenous cultures, or homage to indigenous art	11/16/2017 8:51 PM
91	Native art	11/16/2017 2:35 PM
92	Lighting art, use of colorful lighting. Also space dedicated to alternating installation art	11/16/2017 10:22 AM
93	cameras to help prevent graffiti/vandalism	11/16/2017 8:09 AM
94	Native art, carvings, etc.	11/15/2017 10:03 PM
95	Covered bbq or gathering shelters like lacey parks has	11/15/2017 8:31 PM
96	Fit with the cultural, historic and environmental context. Opportunity for site impaired would be nice, too.	11/15/2017 8:22 PM
97	dog park	11/15/2017 7:47 PM
98	Weather vane for wind direction and wind speed	11/15/2017 7:14 PM
99	Public art	11/15/2017 6:44 PM
100	Nature	11/15/2017 6:14 PM

Q7 How important are each of these types of HABITATS?

Answered: 710 Skipped: 77

West Bay Restoration & Park Master Plan: Programming

	VERY IMPORTANT	IMPORTANT	LESS IMPORTANT	NOT AT ALL IMPORTANT	TOTAL
Freshwater Emergent Wetland	37.55% 261	32.81% 228	21.29% 148	8.35% 58	695
Freshwater Scrub Shrub or Forested Wetland	34.73% 241	32.71% 227	23.05% 160	9.51% 66	694
Gravelly Beach	51.42% 363	31.30% 221	12.61% 89	4.67% 33	706
Mixed Upland Forest	34.84% 239	31.49% 216	24.20% 166	9.48% 65	686
Mudflat	30.35% 210	25.58% 177	27.02% 187	17.05% 118	692
Salt Marsh	37.16% 259	29.27% 204	23.53% 164	10.04% 70	697

#	THIS FEATURE, NOT LISTED ABOVE, IS VERY IMPORTANT TO ME!...	DATE
1	Tidal pools to host local marine life	11/30/2017 11:56 PM
2	...And places of native prairie plants we can sit/relax on	11/30/2017 11:03 PM
3	native edible plants - place markers for Native American usage of any area	11/30/2017 7:58 PM
4	Lots of birds in the inlet between rail line and shore. Preserve that inlet	11/30/2017 2:55 PM
5	I am not sure what is most suited to natural regrowth of the area	11/30/2017 11:59 AM
6	rocky upland habitat	11/30/2017 10:30 AM
7	A comment: This is not a fresh water site - it is a marine site. Salt marsh and mudflat habitat will sequester carbon and must be included.	11/30/2017 7:25 AM
8	Softshore bank rather than bulkheads and marine riparian veg	11/30/2017 6:32 AM
9	whatever is beneficial to the environment	11/29/2017 12:53 PM
10	What the land naturally wants to be	11/29/2017 7:35 AM
11	Before 4th Ave bridge was rebuilt the western shoreline of Budd Inlet was much more forested. There were many more seabirds and diving ducks using that area then. It would be nice to see more shoreline vegetation restored to that area.	11/29/2017 6:34 AM

West Bay Restoration & Park Master Plan: Programming

12	these are all aesthetically pleasing--this should be decided based on ecological considerations	11/28/2017 9:39 PM
13	green grassy areas for activities/lounging	11/28/2017 9:37 PM
14	Interesting question, It seems like mixed upland forest along the shoreline is not really a viable option in this location. Probably wiser to stick to the ecological types that you could realistically restore the shoreline to, rather than imposing what might be "important" to people. cheaper and more functional and beneficial to the decimated or lost fish and wildlife habitat	11/28/2017 9:17 PM
15	If you could have a mixture of forested area and gravel beach? This way you can still have bike trails, jog trails, walk trails, run trails, nature preserves, animal nesting & so much more!	11/28/2017 7:43 PM
16	Really all of these are dependant on site conditions and what is sustainable. The gravel might be great for Smelt egg laying but the silt from the Deschutes might make it unsustainable.	11/28/2017 7:32 PM
17	The habitat should fit what is natural to the area. A gravelly beach would be nice, but I am more concerned its appropriate to the natural state of the area and contaminant-free! We should be able to walk in the sand and water without exposure to toxins.	11/28/2017 5:28 PM
18	Whatever is natural and healthy for the site.	11/28/2017 2:47 PM
19	Connect the beach visually with the upland area so citizens can view the beach from the street side walk.	11/28/2017 2:36 PM
20	it seems like this question should be left to science..what makes the most sense for the space. otherwise we are going to end up with another capitol lake problem. how can this be a survey question for the public?	11/28/2017 11:02 AM
21	We should have whatever would be naturally occurring in an estuary area. I don't understand this question.	11/28/2017 10:55 AM
22	I trust the ecological scientists to make this call as to what is best and most natural for this location. Due to safety issues, it would be ideal to minimize mudflats.	11/28/2017 9:24 AM
23	Not sure, whatever is best for the health of the sound.	11/27/2017 7:27 PM
24	Habitat should emerge from the surrounding geologic and biologic conditions. Should not be imposed.	11/27/2017 2:51 PM
25	whatever is best for the environment in general	11/27/2017 1:19 PM
26	a restored estuary and it's resulting habitat	11/27/2017 11:36 AM
27	Ecological function more important than amenity/aesthetic	11/26/2017 8:45 PM
28	I guess we are humans so we can terraform anything we want. Lunar habitat would be interesting (but with gravity and an atmosphere). Hard to see why would shoehorn a habitat into this location other than the way it began before the city was developed around it, though. Definitely don't get the mixed upland, unless we can also add grouse-hunting as an activity to value.	11/26/2017 1:53 PM
29	The current park intrudes below the high water mark. This is problematic for spawning smelt. I feel strongly that we need to stop armouring the shoreline and encourage ecologically functional beach ecosystems. Thanks!!	11/25/2017 11:39 AM
30	Finish the trail through to Deschutes Parkway	11/25/2017 8:25 AM
31	Whatever would help the runoff get filtered and go into the water table, and whatever would create natural habitats for all of the plants and animals to thrive.	11/24/2017 10:27 PM
32	Excellent bird habitat is necessary.	11/24/2017 10:19 PM
33	Preserving views as one drives and walks along West Bay Dr.	11/24/2017 11:05 AM
34	Just have a natural shoreland like what would have been there from start, or get close to recreating that once polluted frontage is cleaned up and enhanced.	11/21/2017 7:58 PM
35	Half of these habitat types do not naturally exist in West Bay Park. I would oppose any significant natural habitat changes.	11/21/2017 7:30 PM
36	Leave it how it is	11/21/2017 6:42 PM
37	Whatever is natural needs to be expanded upon and preserved	11/20/2017 10:19 PM
38	Take down the dam and let the area revert naturally	11/20/2017 7:25 PM

West Bay Restoration & Park Master Plan: Programming

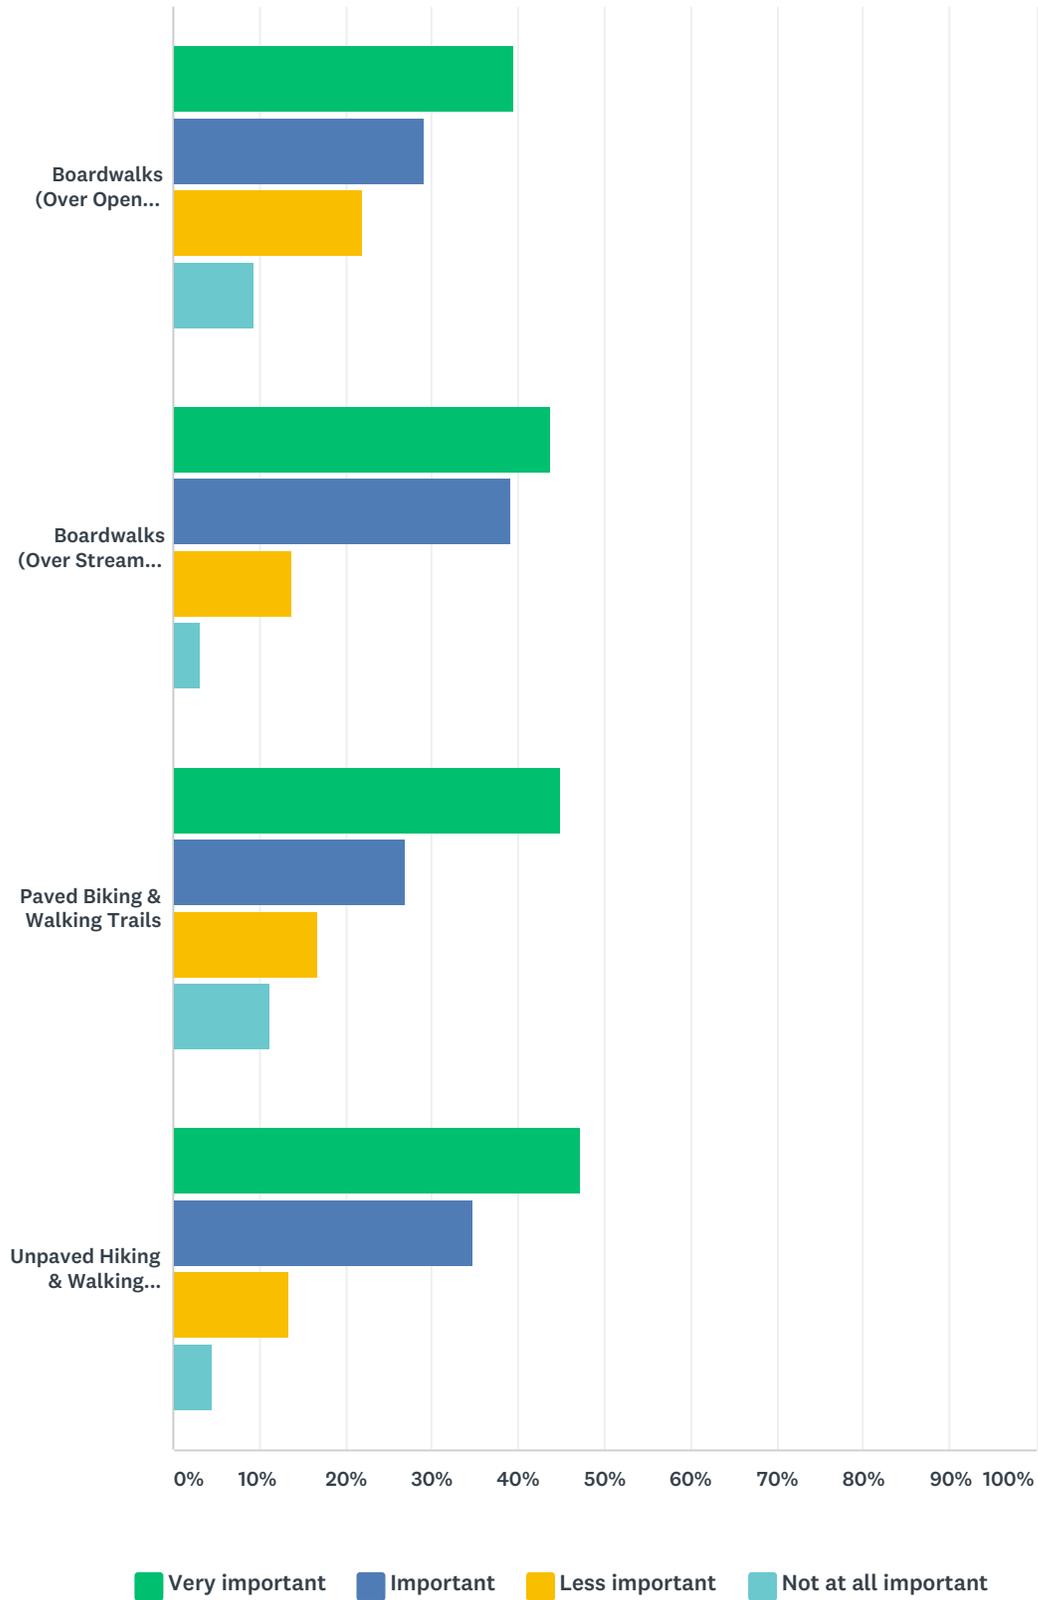

39	Mudflat is inevitable, will happen regardless.	11/20/2017 5:09 PM
40	Open multi use grassy area	11/20/2017 4:39 PM
41	Should be left in very natural state. Trails should not be paved, but pervious and natural. Except for beach areas, native wetland species should be planted/encouraged.	11/20/2017 1:52 PM
42	Whatever the original habitat is? Don't try to make it something else - that does not make sense and would be more expensive to maintain something that is not supposed to be there over time.	11/20/2017 1:37 PM
43	The bay under a boardwalk where people can view marine life.	11/20/2017 12:18 PM
44	Asking laypeople what habitat types should be installed at West Bay is a wrongheaded approach. Development/restoration of habitat should be based on science and the need for proper ecological function, not the aesthetic preference of an uninformed public. It concerns me that this question would even be asked.	11/20/2017 12:05 PM
45	Whatever the native habitat most likely resembled	11/20/2017 11:56 AM
46	As close as possible to original natural state of the place	11/20/2017 6:29 AM
47	Whichever habitat most closely resembles the area's pre-development state	11/19/2017 11:16 PM
48	Safe nesting areas for water fowl	11/19/2017 9:23 PM
49	Shouldn't this be habitat w/saltwater influence?	11/19/2017 8:44 PM
50	Train trestle should go away to free the freshwater entrance into the bay. Allow it to evolve. Enlist local students in the restoration	11/19/2017 7:11 PM
51	The area is toxic, so I would be concerned about attractive habitat below high tide line	11/19/2017 6:47 PM
52	I really don't have the expertise to know what's appropriate for West Bay.	11/19/2017 5:50 PM
53	This is not for humans to decide. The entire habitat needs to remain in it's natural state.	11/19/2017 1:45 PM
54	The level of importance I place is just a best guess. Key is to restore natural systems to the most sustainable pre-settlement condition feasible.	11/19/2017 1:26 PM
55	Whichever habitats are most suitable and functional - I can't make that assessment myself	11/19/2017 12:45 PM
56	I'd say ask biologists what is appropriate for the site.	11/19/2017 8:04 AM
57	Usable and functionality.	11/18/2017 1:11 PM
58	Enhance the environment for wildlife habitat especially for breeding	11/18/2017 10:48 AM
59	Due to this location, heavily forested areas or brush could become mini homeless encampments, which leads to decreased safety for other park users due to substance abuse and criminal behaviors from SOME (not all) in these encampments. If a park is not safe for women to take kids to (example: Artesian Commons is a massive failure), it is not a successful addition to our community.	11/18/2017 10:05 AM
60	Natural habitat to the area	11/18/2017 4:32 AM
61	Within flow to estuary influences	11/18/2017 1:43 AM
62	Sandy beach	11/17/2017 11:54 PM
63	Whatever best supports existing wildlife	11/17/2017 11:01 PM
64	choosing whichever is most natural to the area and best for the ecosystems involved	11/17/2017 10:15 PM
65	natural estuarine habitat	11/17/2017 8:10 PM
66	all that make natural sense for the place	11/17/2017 7:21 PM
67	Sandy beach	11/17/2017 6:33 PM
68	waterways that empty into Puget Sound	11/17/2017 5:01 PM
69	Whatever is natural to the area	11/17/2017 4:09 PM
70	Wheelchair accessibility regardless of habitat (boardwalks etc)	11/17/2017 2:18 PM
71	It should be whatever habitat it wants to be NATURALLY.	11/17/2017 1:48 PM
72	Skatepark	11/17/2017 12:44 PM

West Bay Restoration & Park Master Plan: Programming

73	A skateboard park	11/17/2017 12:24 PM
74	Skatepark	11/17/2017 12:15 PM
75	Bike and walking paths. There's no safe place to ride a bike around here!!	11/17/2017 11:20 AM
76	How about creating a habitat for the homeless people in our community	11/17/2017 10:44 AM
77	It seems like more of a science question. What is missing in the local ecosystem?	11/17/2017 10:37 AM
78	My preference would be to restore to its natural state, something that restores it as a part of the original estuary.	11/17/2017 10:22 AM
79	A place for kids to skate thats actually good	11/17/2017 9:41 AM
80	Heron nesting areas	11/17/2017 8:55 AM
81	I am not a biologist and laymen should not be making decisions about habitat. Ask an expert before you create or alter any habitat. There can be dangerous side effects.	11/17/2017 7:35 AM
82	Whatever the species need! This should be priority of the park	11/17/2017 7:01 AM
83	Open meadow or grass	11/17/2017 6:42 AM
84	The habitat(s) that are naturally present	11/16/2017 11:07 PM
85	Basically, restoring whatever is natural...	11/16/2017 10:41 PM
86	Seeing the water	11/16/2017 10:39 PM
87	native habitat	11/16/2017 10:26 PM
88	coastal lagoon	11/16/2017 9:28 PM
89	Whatever habitat that is natural to the shoreline.	11/16/2017 5:47 PM
90	whatever would be the best fit for the natural habitat	11/16/2017 4:08 PM
91	Whatever was originally there	11/16/2017 3:00 PM
92	Non-toxic swimming area	11/16/2017 1:30 PM
93	Restoring this land back to native estuary/marsh is ideal.	11/16/2017 11:33 AM
94	open views from a path	11/16/2017 9:02 AM
95	The most important one is whatever one was natural to the area, that will keep the area healthy and help support life	11/16/2017 8:48 AM
96	Let science guide the habitat selections	11/15/2017 10:03 PM
97	Which ever is the habitat most conducive to the wildlife and marine life needs	11/15/2017 8:33 PM
98	It really needs to be based on the species that are native and the habitats that support them.	11/15/2017 8:27 PM
99	Whatever makes most sense for the site, although it would be nice to maintain ability to access habitat feature, so if wetland, maybe a boardwalk or something.	11/15/2017 8:15 PM
100	What is the appropriate habitat for this park? Whatever is chosen, it should be environmentally appropriate	11/15/2017 8:04 PM
101	Try to avoid riprap. Better to have natural transition from upland to shore habitats.	11/15/2017 7:16 PM
102	It depends on how you propose to create these habitats- by rehabbing degraded upland or by manipulating submerged land. On the submerged side it's very important to return the area to as close to natural as possible.	11/15/2017 6:51 PM
103	What ever provides the best habitats	11/15/2017 6:15 PM

Q8 How important are each of these types of CIRCULATION?

Answered: 739 Skipped: 48

West Bay Restoration & Park Master Plan: Programming

	VERY IMPORTANT	IMPORTANT	LESS IMPORTANT	NOT AT ALL IMPORTANT	TOTAL
Boardwalks (Over Open Water)	39.48% 287	29.16% 212	21.87% 159	9.49% 69	727
Boardwalks (Over Streams & Wetlands)	43.82% 319	39.15% 285	13.87% 101	3.16% 23	728
Paved Biking & Walking Trails	44.98% 327	26.96% 196	16.78% 122	11.28% 82	727
Unpaved Hiking & Walking Trails	47.26% 345	34.66% 253	13.42% 98	4.66% 34	730

#	THIS FEATURE, NOT LISTED ABOVE, IS VERY IMPORTANT TO ME!...	DATE
1	West Bay Trail and connection to Garfield Nature Trail are very important.	12/1/2017 12:01 AM
2	Boardwalk Concessions (NOT CARNIVAL RIDES!)	11/30/2017 11:05 PM
3	Unpaved is incredibly dangerous	11/30/2017 10:55 PM
4	because this is an urban park - paved walk ways are appropriate	11/30/2017 7:59 PM
5	connect to downtown Olympia along the waterfront - Shared Use West Bay Trail	11/30/2017 5:35 PM
6	Integrated skateboard friendly features on paths and walkways	11/30/2017 2:39 PM
7	What is the best nontoxic water use for regrowth	11/30/2017 12:01 PM
8	primitive trails	11/30/2017 10:32 AM
9	Connection to cap lake	11/29/2017 1:03 PM
10	Boardwalks over water are detrimental to juvenile salmon. If you want to maximize the tourism benefit of having salmon right in the heart of our Capitol city please avoid this feature. If you must include it, please use fully grated decking to allow light penetration.	11/29/2017 6:37 AM
11	Comment - although a boardwalk over open water might be desirable, I would hope that it would be constructed in the most ecologically friendly way in this sensitive environment.	11/28/2017 9:18 PM
12	F orward planning will be needed on this one and the only way tû*	11/28/2017 8:03 PM
13	Paved is great for bikes and walkers, unpaved for runners. A braided trail system would likely be most fitting if it can be done.	11/28/2017 5:29 PM
14	Access for handicapped visitors.	11/28/2017 2:48 PM
15	Apply a mix of unpaved, trail like system along and over the water. Add wheelchair friendly side walk along East side of west bay with visual connection to the water.	11/28/2017 2:37 PM
16	A safe trail, paved or unpaved, connecting west bay to downtown.	11/28/2017 12:07 PM
17	Boardwalk over open water feels unnatural and unnecesarily high-impact.	11/28/2017 9:26 AM
18	Trail connection to downtown is very important	11/28/2017 8:37 AM
19	Permeable pavement & stormwater management	11/27/2017 10:03 PM
20	Circulation should emerge from the habitat.	11/27/2017 2:52 PM
21	Accessible to disabled persons	11/27/2017 2:31 PM
22	We are looking at doing the Big W trail, right?	11/27/2017 2:21 PM
23	Wheelchair accessibility along the waterfront	11/27/2017 1:38 PM
24	want to be able to commute along the shore	11/27/2017 1:20 PM
25	Wheelchair accessibility	11/27/2017 11:37 AM
26	Any area to walk us great! Also connect to lake!	11/26/2017 8:57 PM
27	A snakerun would be amazing	11/26/2017 12:33 PM

West Bay Restoration & Park Master Plan: Programming

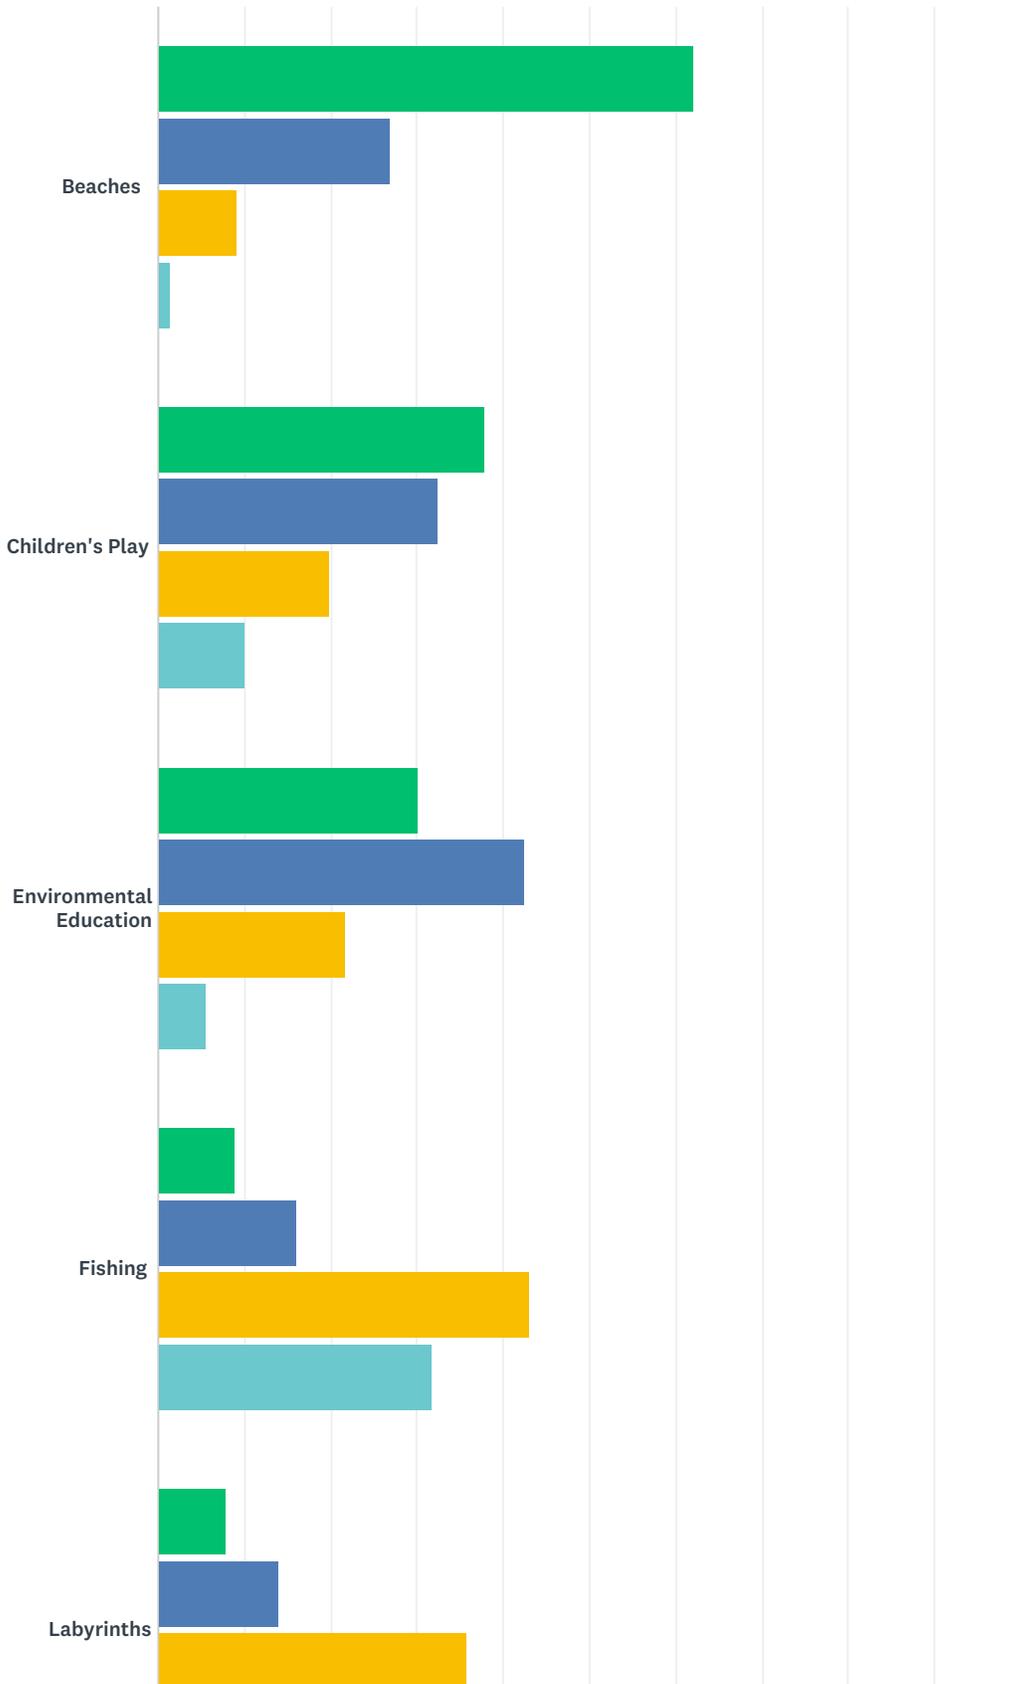

28	paved trail as a part of an integrated bike trail network in Olympia.	11/26/2017 8:46 AM
29	These all have something to offer experientially and to connect people to place. I really want to be able to walk to downtown via this park. using the old railway has strong appeal but i'd be happy with a shoreline path if the the boardwalk idea is prohibitive because of cost or wildlife impacts.	11/25/2017 11:43 AM
30	We have all of the above already	11/25/2017 8:55 AM
31	Finish the trail through to Deschutes Parkway	11/25/2017 8:25 AM
32	Concerned how biking and walking could interfere with each other.	11/24/2017 11:07 AM
33	covered concrete mini ramp	11/23/2017 10:58 PM
34	ADA friendly/compliant boardwalks and trails. Accessibility will open up the area to a wider variety of visitors.	11/22/2017 6:23 PM
35	This kind of depends on if the railroad trestle alignment and fill will be kept or removed. Boardwalks would have to be over some anticipated low and wet points from West Bay Park to Deshuttles. Also, there should be more than two access points (assumed at north and south end) like ways to get on trails between 5th/4th and Brawne.	11/21/2017 7:58 PM
36	Whatever pathways that will allow running and ease of use for EVERYONE (wheelchairs, low mobility, AND runners. Everyone!)	11/20/2017 8:04 PM
37	Skate park	11/20/2017 8:02 PM
38	Anything should consider sea level rise and flooding due to climate change	11/20/2017 7:26 PM
39	The West Bay Trail would be a crucial facility for active transportation and recreation, as reflected in the City's adopted 2016 Parks, Arts and Recreation Plan and the Thurston Regional Trails Plan. It would provide an entirely new connection between the northwest neighborhood and 5th Avenue/Deschutes Parkway. By bypassing the busy Harrison Avenue/Olympic Way/4th & 5th Avenue bridges, it would be inviting to cyclists and pedestrians of all abilities and skill levels. The public has already expressed that this trail is a priority in the making of the Parks Plan, including the "OlySpeaks On-Line Survey" (third most common comment) as well as the public comments sent in for the previous parks plan (34% of comments advocated for West Bay Trail, according to that plan). This trail would not only connect to other important regional trails (e.g. Percival Creek Canyon, Black Lake and Gate-Belmore Trails), but would also be a portion of The Olympia Waterfront Route — "the region's premiere marine waterfront trail" (Regional Trails Plan).	11/20/2017 2:14 PM
40	Circulation which interferes least with habitat	11/19/2017 11:18 PM
41	Please no boardwalks or trails. It's great how it is.	11/19/2017 1:46 PM
42	Connection to Percival landing for pedestrians is most important. Second, connection to Garfield Nature Trail. Third, safe, bicycle routes to downtown if at all possible.	11/19/2017 1:27 PM
43	Paved trails are bad for your knees and bad for the environment	11/18/2017 10:48 PM
44	Green lake Seattle	11/18/2017 1:11 PM
45	Keep the wilderness in the park when possible	11/18/2017 10:50 AM
46	Space for wheelchairs. But withhold human influence on sensitive wildlife areas	11/18/2017 1:45 AM
47	Unpaved trails alongside paved are OK	11/17/2017 8:11 PM
48	any mode that protects habitat and blends with the setting	11/17/2017 8:11 PM
49	Keep it as natural as possible. Keep the integrity of the land.	11/17/2017 1:50 PM
50	Skatepark	11/17/2017 12:44 PM
51	Skateboarding stairs, rails, and ledges	11/17/2017 12:25 PM
52	Skatepark	11/17/2017 12:15 PM
53	Connections to Garfield Nature Park and Along the water on the old berm connecting to capitol lake	11/17/2017 11:41 AM
54	skatepark	11/17/2017 11:23 AM
55	Boardwalk as necessary between island features from bridge, but not for within the park shoreline	11/17/2017 11:18 AM

West Bay Restoration & Park Master Plan: Programming

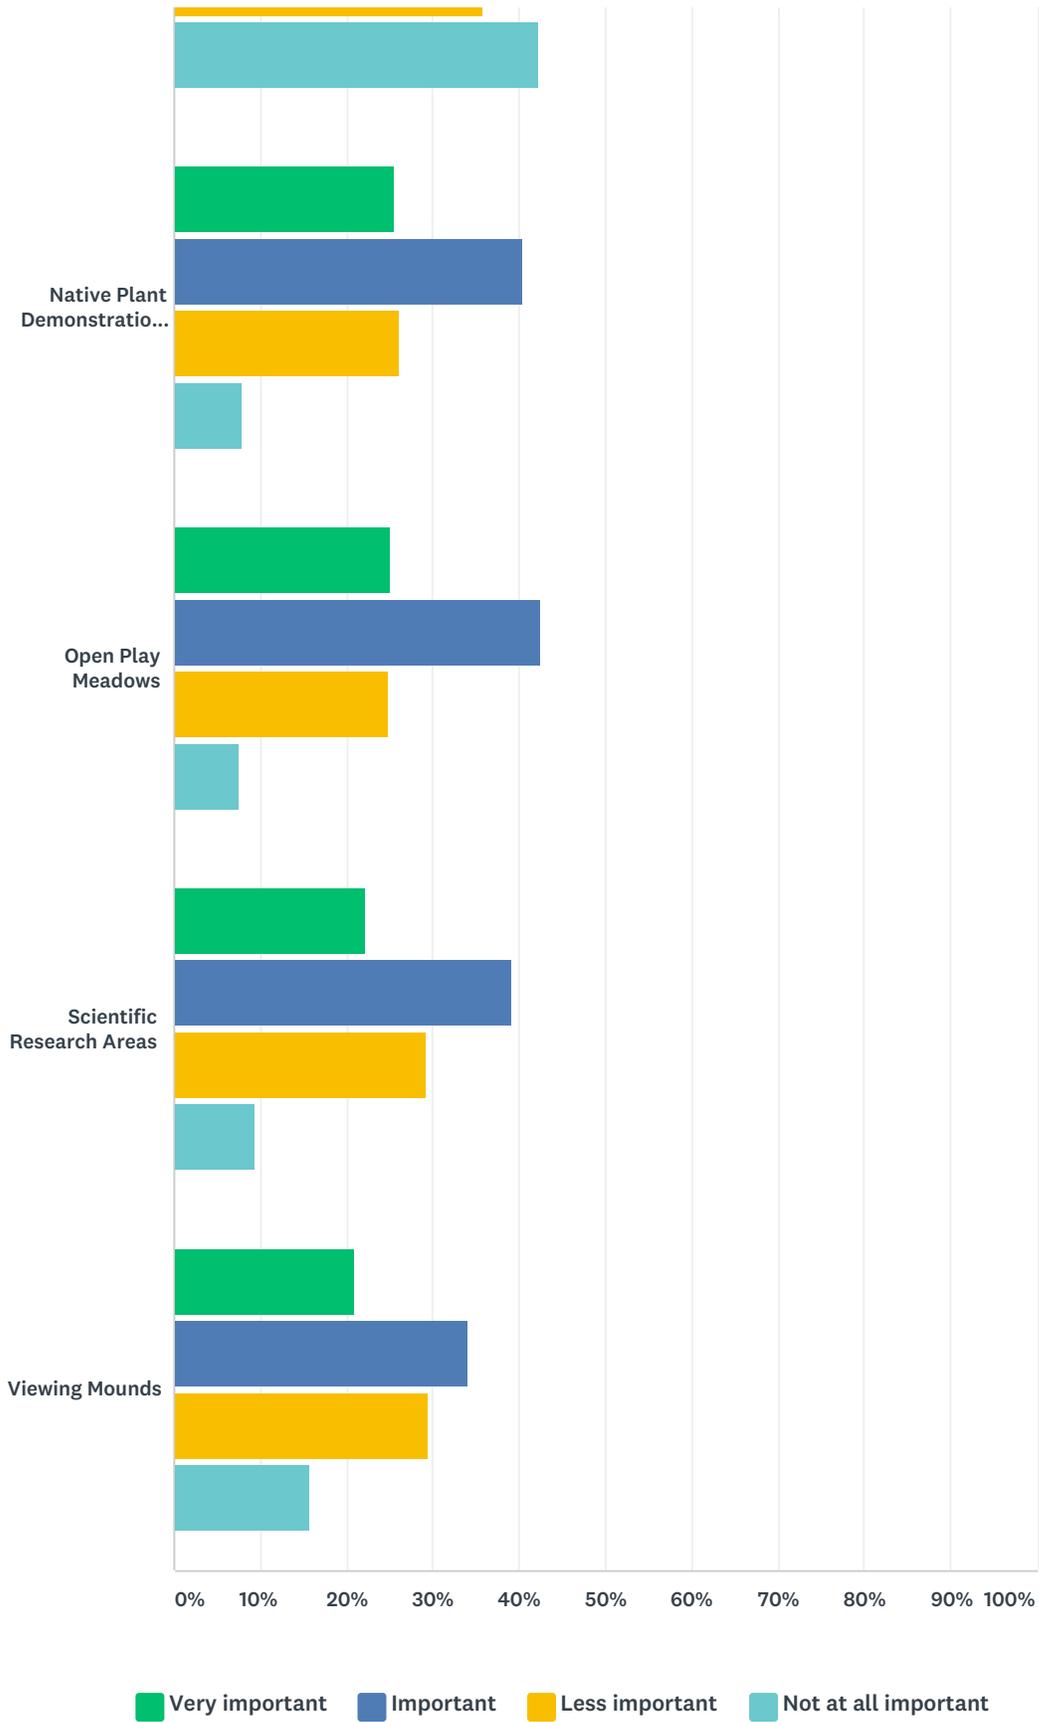

56	Again, any development ought to be in line with natural restoration, keeping the whole estuary system in mind.	11/17/2017 10:30 AM
57	Skateboard paved area	11/17/2017 9:42 AM
58	Skatepark	11/17/2017 9:17 AM
59	Skateboard features along paved path	11/17/2017 9:04 AM
60	Making a long loop 3 miles+, with all of these!	11/17/2017 7:03 AM
61	The specific type of circulation is not relevant to me. What is very important is the presence of a linear trail along the existing berm or along the shoreline that allows easy connection to other nearby trails (Capitol Lake, Percival Landing, Garfield Nature Trail)	11/16/2017 11:12 PM
62	My kids and I prefer unpaved trails, but if this would create a barrier for someone in a wheelchair, then there definitely needs to be paved trails as well...	11/16/2017 10:43 PM
63	As many places to walk as possible	11/16/2017 10:39 PM
64	separated bike and pedestrian pathways	11/16/2017 10:27 PM
65	Complete connection from West Bay to Downtown by paved trail is very important	11/16/2017 6:18 PM
66	Boardwalks over water should be minimal, like at nisqually.	11/16/2017 5:49 PM
67	Boardwalks are simply too expensive to build and maintain. Paved paths will encourage bicycles and will draw more visitors in terms of runners and bikers	11/16/2017 4:13 PM
68	A boardwalk over the railroad tracks linking to Capital Lake.	11/16/2017 11:38 AM
69	All are important, I would want whatever supported the ecosystem the best	11/16/2017 8:49 AM
70	the quality of the trail to and from downtown is key - would be amazing to have some of all of the above trail types - something out over the water would be especially cool (the new-ish boardwalk at nisqually NWP is an amazing example)	11/16/2017 8:11 AM
71	Checked "paved" as very important so that trails are accessible to those with disabilities.	11/15/2017 11:39 PM
72	That the surface isn't slippery in the rain.	11/15/2017 10:07 PM
73	off-road bike/pedestrian trails linking to other trails	11/15/2017 9:12 PM
74	A dock for fishing	11/15/2017 8:30 PM
75	Some paved paths for those with limited mobility	11/15/2017 8:29 PM
76	I like the idea of paved walking trails as anyone can use them, even the elderly and the disabled. Please don't let bicycles on them as they are aggressive and intimidating to a walker	11/15/2017 3:58 PM

Q9 How important are each of these types of SPACES?

Answered: 729 Skipped: 58

#	THIS FEATURE, NOT LISTED ABOVE, IS VERY IMPORTANT TO ME!...	DATE
1	Partially submerged aquatic observation bubble to view underwater life in Budd Inlet	12/1/2017 1:33 PM
2	the water is too polluted for fishing, mound building is not attractive and does not fit the landscape - possibly an amphitheater arching stair like the one at TESC but made of sturdy lawn.	11/30/2017 8:02 PM
3	Skate Node, Skate Dot, Skateboarding Amenities	11/30/2017 2:41 PM
4	The Gasworks park viewing mound had a function: waste was buried there. I suppose the old lumber mill pavement might make a mound...	11/30/2017 1:25 PM
5	No children's use of taxic land, regrowth only	11/30/2017 12:02 PM
6	Nature playground	11/29/2017 2:28 PM
7	Forage fish spawning habitat. Needed to support overall health of Puget Sound.	11/29/2017 6:38 AM
8	outdoor event/concert options (not hard structures)	11/28/2017 9:39 PM
9	Since the area is fill along the shoreline, it seems like the most viable option from a habitat restoration option is to restore it to native shoreline, be that beach or bay shoreline...	11/28/2017 9:20 PM
10	Environmental education for adults as well as children	11/28/2017 9:10 PM
11	Although, in my ideas..... much simpler! Not so much fuss!	11/28/2017 8:09 PM
12	There are not a lot of public spaces where we can get a view, so ability to enjoy the mountain or City view would be great. Fishing is nice but I would rather see observation of nature than have it become a fishing/sporting area.	11/28/2017 5:33 PM
13	Why is fishing even a choice here since the waters of Budd Inlet are so polluted?	11/28/2017 4:58 PM
14	Unless the sediment toxicity is addressed along with a reduction in waste water effluent, fishing is not a good goal. However, creating good fish habitat makes a lot of sense for the juvenile salmonids (other forage fish including sand lance and herring) and bird species that rely on them.	11/28/2017 2:40 PM
15	Keeping the park natural without playgrounds or sports	11/28/2017 11:43 AM
16	dog park / dog-friendly amenities	11/28/2017 10:44 AM
17	location for local musicians to play live music	11/28/2017 9:18 AM
18	trail connection to downtown is very important	11/28/2017 8:48 AM
19	Easy access to multi use trail to Deschutes Parkway	11/28/2017 8:39 AM
20	Again, human to water contact? Contamination	11/27/2017 2:22 PM

West Bay Restoration & Park Master Plan: Programming

21	Since you give no map/scale, impossible to answer. Need community dialogue.	11/26/2017 8:51 PM
22	native plant demonstrations should use plants native to the habitat of Puget Sound waterfront, not of upland forests, meadows, or alpine scrub	11/26/2017 1:54 PM
23	Please give us some kind of skatepark	11/26/2017 12:35 PM
24	viewing benches facing Mount Rainier across the water (to the east).	11/26/2017 8:48 AM
25	some access which is a spur from the main drag. for those who are looking for some quiet or a sense of destination.	11/25/2017 11:45 AM
26	I would not like to see if too urbanized. The eastern shore does that already. It is also a pretty sensitive habitat. I would keep it as naturalized as possible--e.g., unpaved trails versus pavement (issue of runoff). Also, the more infrastructure that is included, the more parking that would be needed. The more parking, the more runoff and impacts to shoreline habitat!!	11/24/2017 10:24 PM
27	spaces to skate board	11/23/2017 10:59 PM
28	Outdoor gym area	11/23/2017 10:28 PM
29	Skateboard Structures and Features	11/22/2017 7:56 PM
30	Rock climbing structure like the one at marymoor park and sprinkler recreation center	11/21/2017 1:49 PM
31	Skate park	11/21/2017 10:39 AM
32	Shelter for rainy day or winter activities	11/20/2017 8:46 PM
33	Skate park	11/20/2017 8:03 PM
34	Take down the dam and let the area revert naturally	11/20/2017 7:27 PM
35	skate parks	11/20/2017 4:10 PM
36	Skateboard/BMX park	11/20/2017 2:34 PM
37	The "spaces" should feature what is completely unique about this park — it's waterfront location: cultural relevance, local history, views, shoreline/wetlands function, ecology of Budd Inlet. "Unrelated" spaces should be prioritized according to how unique they are relative to this site. That is, only the West Bay Trail to/through this park would provide additional connectivity between the westside and downtown/Deschutes Parkway. In comparison, an open play meadow is less important because it can be provided by other nearby parks. "Native Plant Demonstration Gardens" and "Environmental Education" spaces that are specifically related to the waterfront in general and West Bay in particular should have a middle priority (i.e. greater than an open plan meadow). Additionally, the Trail is of such paramount importance that it should not be impacted by other "spaces" within the park. The Trail should follow a direct and useful path, and not wander around for the sake of looking nice on a design drawing (and all-too-common occurrence with paths in parks).	11/20/2017 2:29 PM
38	Skatepark	11/20/2017 2:17 PM
39	Viewing mounds only if they can be integrated well.	11/20/2017 1:54 PM
40	Skateboard obstacle	11/20/2017 1:48 PM
41	Skate park!	11/20/2017 12:53 PM
42	skateboard park!	11/20/2017 11:57 AM
43	Safe beach for recreation is top priority, along with bike path to downtown	11/19/2017 9:00 PM
44	dog park	11/19/2017 4:21 PM
45	Shoreline promenade... with major view spots accented.	11/19/2017 1:29 PM
46	Viewing mounds are counter productive and not environment friendly	11/18/2017 10:51 PM
47	Outdoor concert venue? Marymoore Park, gasworks	11/18/2017 1:13 PM
48	Walking into downtown very important	11/18/2017 10:52 AM
49	dog area	11/18/2017 7:50 AM

West Bay Restoration & Park Master Plan: Programming

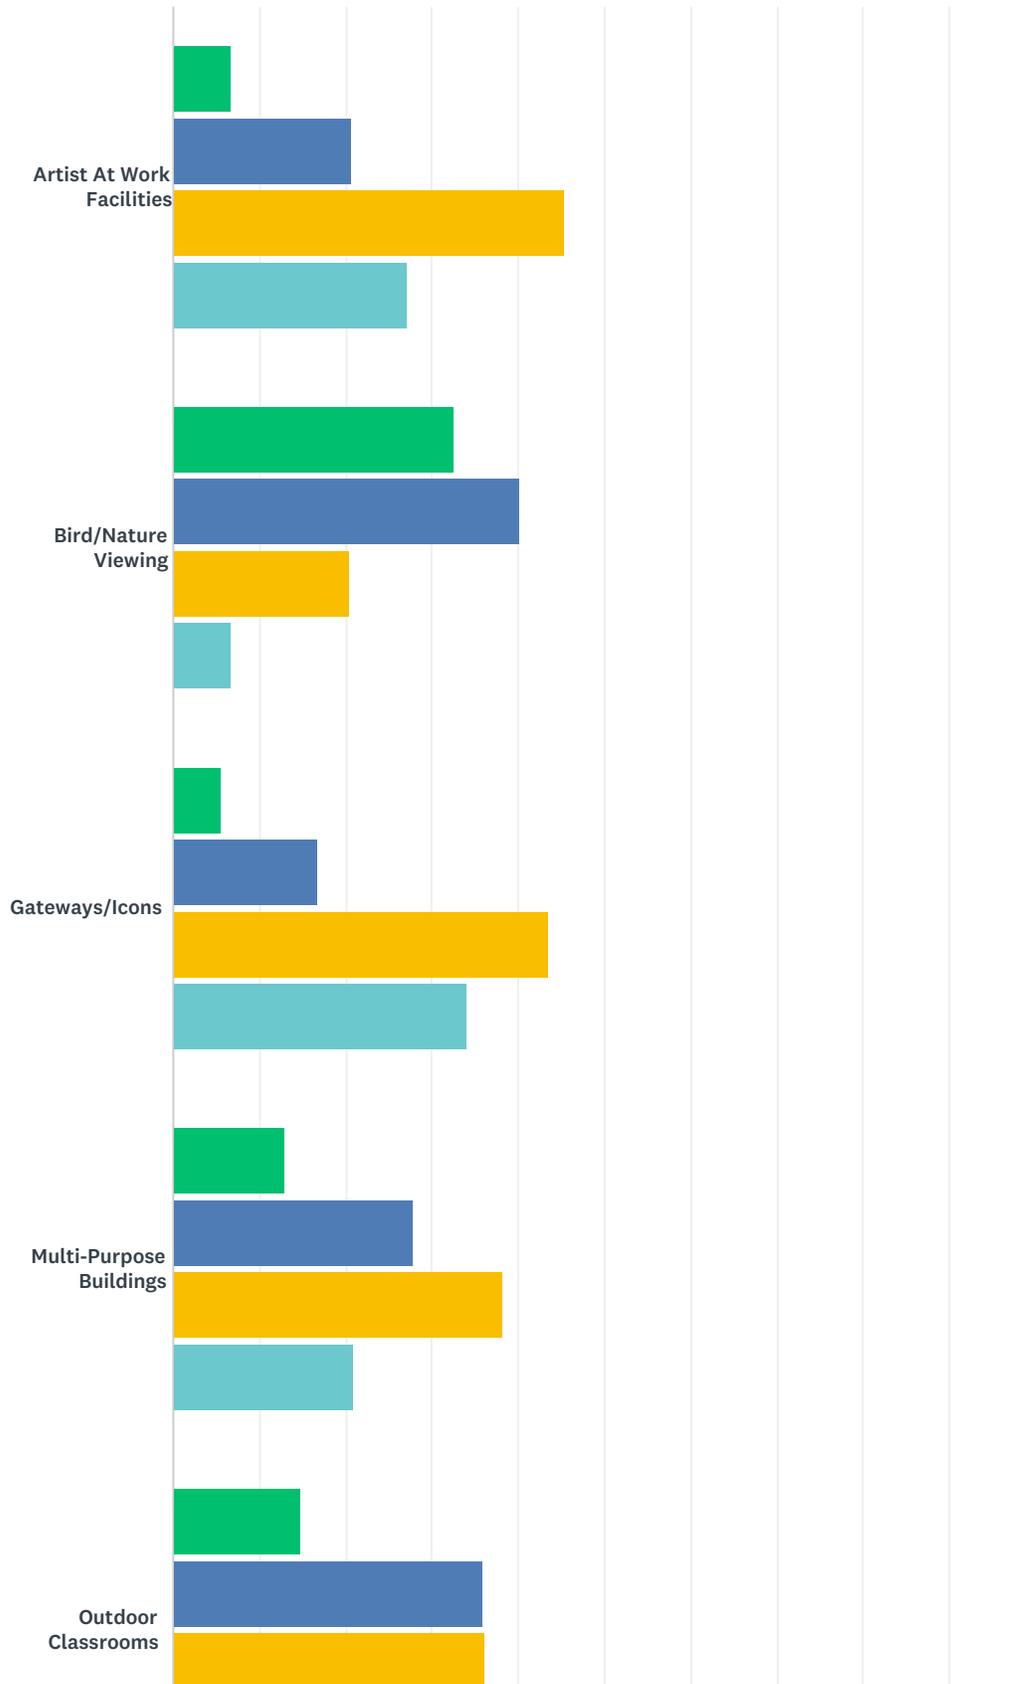

50	As a queer person, The old train tracks with rainbow bridge are important and the Madrona trees growing through them are sacred to legend of people tying their canoes to them during the flood. Please keep these	11/18/2017 1:49 AM
51	Native Edible and medicinal plants that can be harvested by anyone	11/17/2017 11:36 PM
52	covered viewpoint areas for rainy days	11/17/2017 10:21 PM
53	restoration areas off limits to people	11/17/2017 8:13 PM
54	A covered object for skateboarding (like a mini ramp, but not a half pipe)	11/17/2017 5:02 PM
55	Off leash dog park	11/17/2017 4:43 PM
56	Pic nic shelters bathrooms	11/17/2017 4:10 PM
57	Concrete skate park	11/17/2017 4:06 PM
58	DOG PARK!!!	11/17/2017 3:27 PM
59	Skatepark	11/17/2017 12:44 PM
60	A space for skateboarding	11/17/2017 12:25 PM
61	Skatepark	11/17/2017 12:16 PM
62	Covered concrete miniramp	11/17/2017 11:37 AM
63	skatepark	11/17/2017 11:23 AM
64	Dog park	11/17/2017 11:22 AM
65	Again, any development ought to be in line with natural restoration, keeping the whole estuary system in mind.	11/17/2017 10:32 AM
66	Skateboard area	11/17/2017 9:43 AM
67	Small skatepark or covered "Skate dot"	11/17/2017 9:06 AM
68	Off leash dog park--come on, Olympia--it's about time for this	11/17/2017 8:08 AM
69	The viewing mount at Capital Lake is kind of odd. It's a nice idea but it comes out lost in translation and ends up looking kind of ugly with the lack of maintenance in the landscaping. If Olympia can't take care of that viewing mound, then I don't suggest putting one in here.	11/17/2017 7:48 AM
70	Open play Meadows for dogs and their humans!	11/17/2017 7:37 AM
71	Dog Park	11/17/2017 6:31 AM
72	Fenced off-leash dog park I.e. Play area for dogs and their owners	11/17/2017 2:28 AM
73	Fenced off-leash dog area	11/17/2017 12:13 AM
74	Linear hiking trail along existing berm or along the shoreline.	11/16/2017 11:13 PM
75	Off leash dog park	11/16/2017 10:44 PM
76	areas for solitude	11/16/2017 10:28 PM
77	Event-friendly spaces - electric outlet access, covered spaces, well highlighted view points for photos and ceremonies	11/16/2017 8:56 PM
78	Simple natural spaces with seating are very important	11/16/2017 6:19 PM
79	I want to say dog park but I realize waste would be an issue	11/16/2017 6:01 PM
80	A viewing mound would be very cool if it was affordable and didn't have slide issues	11/16/2017 4:17 PM
81	Bike and walking access, separate walking and biking paths for safety	11/16/2017 3:38 PM
82	Dog park	11/16/2017 1:34 PM
83	fitness/exercise/calisthenics stations - let's make Olympia the fittest small city in the country	11/16/2017 8:14 AM
84	or a lookout tower like the port has	11/16/2017 7:26 AM
85	Meadows will encourage people to let dogs run off-leash, which is not good.	11/15/2017 11:41 AM
86	Dog park	11/15/2017 8:35 PM

West Bay Restoration & Park Master Plan: Programming

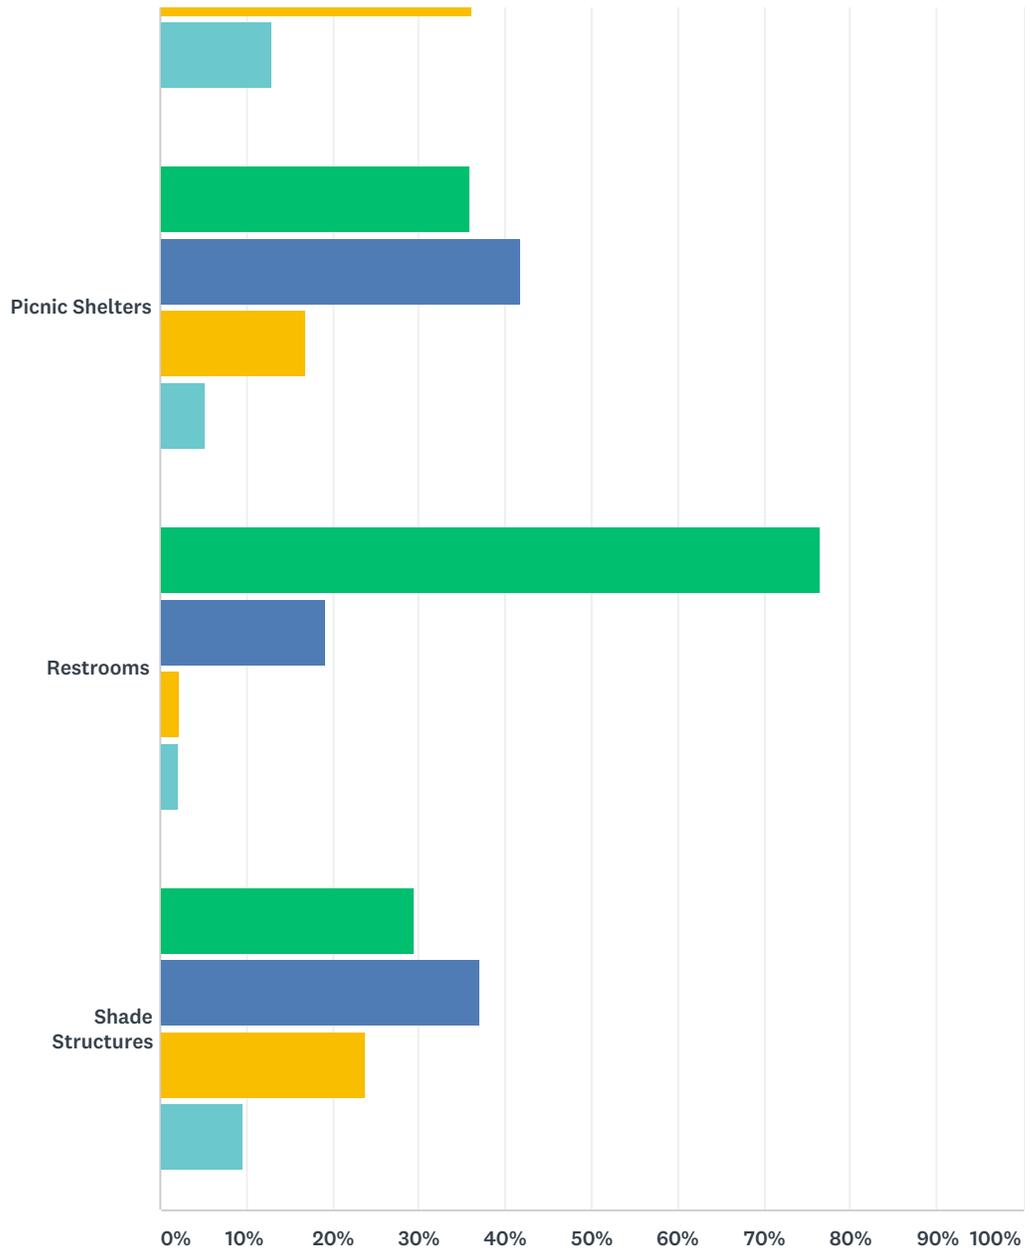

87	Conversation sitting spaces would be nice.	11/15/2017 8:31 PM
88	dog park	11/15/2017 7:48 PM
89	Dog park!	11/15/2017 6:45 PM

Q10 How important are each of these types of STRUCTURES?

#	THIS FEATURE, NOT LISTED ABOVE, IS VERY IMPORTANT TO ME!...	DATE
1	restrooms if not already available at park	12/1/2017 12:06 AM
2	glitzy gates are tacky, simple shade and seating for picnics are nice features.	11/30/2017 8:04 PM
3	smaller picnic shelter than pictured	11/30/2017 5:37 PM
4	Skateboarding Amenities, Skate Dot, Skate Node, Skate Park	11/30/2017 2:41 PM
5	A place safe for our homeless folk	11/30/2017 12:04 PM
6	benches;	11/30/2017 10:48 AM
7	outdoor dance floor/paved area for tai chi, four square, contra dancing	11/28/2017 9:40 PM
8	How about restoration to native shoreline habitat?	11/28/2017 9:21 PM
9	Artists work in a studio .. unless they are trying to sell something!	11/28/2017 8:13 PM
10	The importance of some of these features is dependant on what the intended uses are. For boat rental there would need to be a Multi purpose bldg.	11/28/2017 7:38 PM
11	Shade structures from rain as well as sun, restrooms and changing areas a must.	11/28/2017 5:35 PM
12	Garbage cans.	11/28/2017 2:52 PM
13	benches, seating areas	11/28/2017 10:45 AM
14	As a handicapped resident I would hope as many aspects as possible are accessible .	11/28/2017 10:26 AM
15	Rain cover	11/28/2017 9:42 AM
16	Shade Structures? rain structures	11/28/2017 8:58 AM
17	Bicycle Parking	11/28/2017 8:40 AM
18	Large canopy trees are the best form of shade structure.	11/28/2017 7:36 AM
19	Again, no context to answer	11/26/2017 8:52 PM
20	to the extent that structures become outdoor housing I don't think we need any	11/26/2017 1:54 PM
21	Sheltered skatepark? We have nowhere to go when it rains.	11/26/2017 12:37 PM
22	Please don't urbanize it! It's a quiet place for folks to sit and view the city and birdlife.	11/24/2017 10:27 PM
23	A covered skate park!	11/24/2017 10:19 PM
24	covered skate ramps	11/23/2017 11:00 PM
25	Skateboard structures	11/22/2017 7:56 PM
26	Specifically, at least one or two picnic shelters that has an electrical outlet. Please provide water fountains near shade and/or picnic shelters	11/22/2017 6:27 PM
27	Meditation/yoga pavilion or gazebo	11/21/2017 9:15 PM
28	DOG PARK! Off leash dog park PLEASE!	11/21/2017 7:36 PM
29	Skate park	11/21/2017 10:40 AM
30	please don't put a 24 hour bathroom here and make this a park a place where the street population gathers	11/21/2017 5:43 AM
31	Skatepark	11/20/2017 11:41 PM
32	Skatepark	11/20/2017 8:04 PM

West Bay Restoration & Park Master Plan: Programming

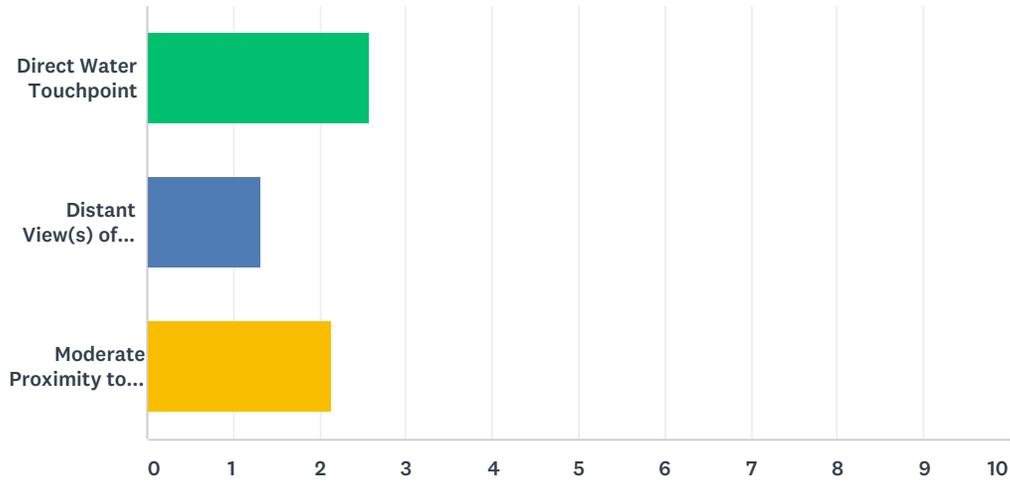

33	Similar to “spaces”, the structures should feature what is completely unique about this park — it’s waterfront setting. Therefore “Artist At Work Facilities” should be lower priority than (shoreline) Bird/Nature Viewing structures. In order to facilitate a sense of place and stewardship, structures that encourage people to linger, such as picnic shelters should have some priority, and because there are few alternatives around and surrounding upland terrain is a challenge, onsite bathrooms are desirable. “Gateways/icons” should only be used if they enhance what is unique about the area, although clear and consistent trail signage should be used to help spread awareness that the West Bay Trail provides connections to other parts of town. Lastly, the image of the “shade structures” is a perfect example of what NOT to do — build insufficient shelter from the elements. Provide real pedestrian/user habitat, not “a cartoon of it.” Form should follow function.	11/20/2017 2:38 PM
34	Skatepark	11/20/2017 2:18 PM
35	It rains a lot here, covered skate spots would be nice!	11/20/2017 2:16 PM
36	Hybrid picnic shelter/shade structure, but left quite open for viewing through to water. A multi-purpose building might be great depending on uses, cost, etc. It would need to be VERY quaint and attractive, to be on waterfront.	11/20/2017 1:57 PM
37	A covered area with a skateboarding ramp underneath would be amazing!!	11/20/2017 11:58 AM
38	Covered area to skateboard	11/20/2017 11:57 AM
39	Skatepark	11/20/2017 11:56 AM
40	As few structures as possible	11/19/2017 11:20 PM
41	Linking a multi-purpose building with some kind of public food concession and restrooms would be ideal.	11/19/2017 1:31 PM
42	Stroller accessible	11/18/2017 2:12 PM
43	For taxpayer citizens . NOT for homeless and gathering places for drug use.	11/18/2017 1:14 PM
44	The park is small, buildings might overwhelm the space. Open space is best.	11/18/2017 10:54 AM
45	Play structure	11/18/2017 3:43 AM
46	Prioritize Indigenous influence of features please	11/18/2017 1:51 AM
47	If the shade structures are also rain shelters that would make more sense	11/17/2017 11:38 PM
48	Skateboardable structures	11/17/2017 11:12 PM
49	rain shelter	11/17/2017 10:22 PM
50	A skatepark that’s under a structure, or even just a ramp under a structure. We live in one of the rainiest places in america and have no sheltered place to skate	11/17/2017 5:04 PM
51	Family restrooms, outdoor shower for rinsing feet	11/17/2017 2:22 PM
52	Less is more.	11/17/2017 1:54 PM
53	Outdoor Gym	11/17/2017 1:53 PM
54	Skatepark	11/17/2017 12:44 PM
55	Covered areas that can be used in the rain seem most important to me	11/17/2017 12:39 PM
56	Covered spaces for dual purposes like BBQing and skateboarding	11/17/2017 12:26 PM
57	Skatepark	11/17/2017 12:17 PM
58	Covered concrete miniramp	11/17/2017 11:38 AM
59	skatepark	11/17/2017 11:23 AM
60	Low profile structures. Bathrooms, probably need them, but not nearly as big as what is pictured! Again, any development ought to be in line with natural restoration, keeping the whole estuary system in mind.	11/17/2017 10:37 AM
61	Covered miniramp	11/17/2017 9:44 AM
62	Skatepark	11/17/2017 9:18 AM
63	skateboard mini-ramp with covered roof	11/17/2017 9:07 AM

West Bay Restoration & Park Master Plan: Programming

64	Small shop local spots	11/17/2017 8:16 AM
65	A restroom is important and probably necessary but I can tell you I probably won't use it because I refuse to use the one at Percival landing due to the transient activities that take place in and around them. PLEASE OLYMPIA, fix the REAL problem. Set some boundaries and quit babysitting these eye sores of non-contributing adults.	11/17/2017 7:53 AM
66	Linear hiking trail along the existing railroad berm or along the shoreline that allows easy connection to nearby trails.	11/16/2017 11:15 PM
67	Off leash dog park	11/16/2017 10:45 PM
68	rain structures too.	11/16/2017 9:18 PM
69	I LOVE the idea of multi-purpose buildings if they are open to public use!	11/16/2017 8:17 PM
70	It is important to build safe buildings with no alcoves or covered areas that will be attractive for the homeless to camp in and turn into a nuisance	11/16/2017 4:19 PM
71	It's the Pacific NW. We need "Rain Structures" more than Shade Structures.	11/16/2017 11:41 AM
72	Bandstands	11/16/2017 10:25 AM
73	a small concrete/earthen amphitheater for music/performances/talks would be amazing	11/16/2017 8:15 AM
74	drinking fountain, water bottle refill station, changing room, perhaps rinse off showers	11/15/2017 9:19 PM
75	Shade =shelter from rain too. Student learning is important but picnic shelters work for that too	11/15/2017 7:16 PM

Q11 Please rank each of the water interaction opportunities (1 = most preferred, 3 = least preferred)

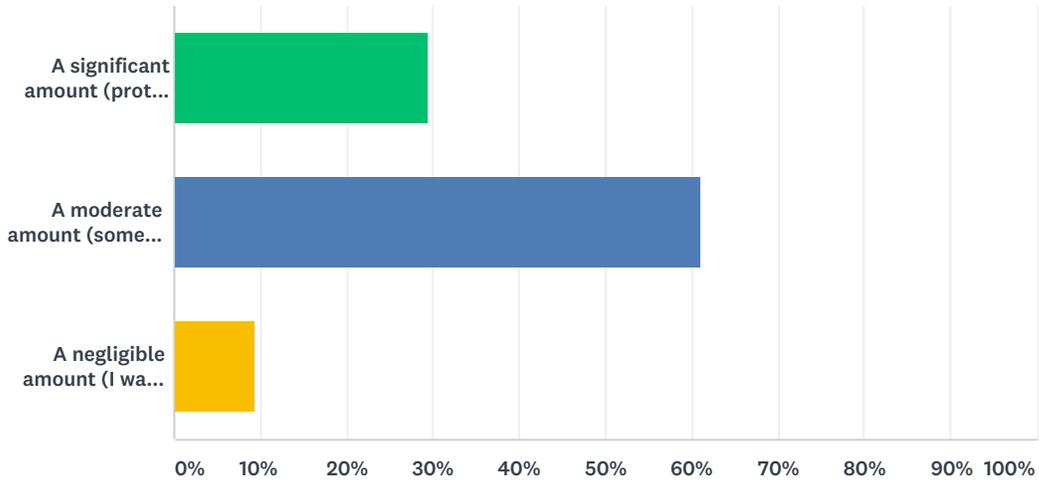

Answered: 708 Skipped: 79

	1	2	3	TOTAL	SCORE
Direct Water Touchpoint	68.18% 465	20.97% 143	10.85% 74	682	2.57
Distant View(s) of Water	6.29% 43	19.30% 132	74.42% 509	684	1.32
Moderate Proximity to Water	27.57% 193	58.43% 409	14.00% 98	700	2.14

Q12 To what degree would you be willing to limit waterfront access in West Bay Park in order to protect and restore habitat?

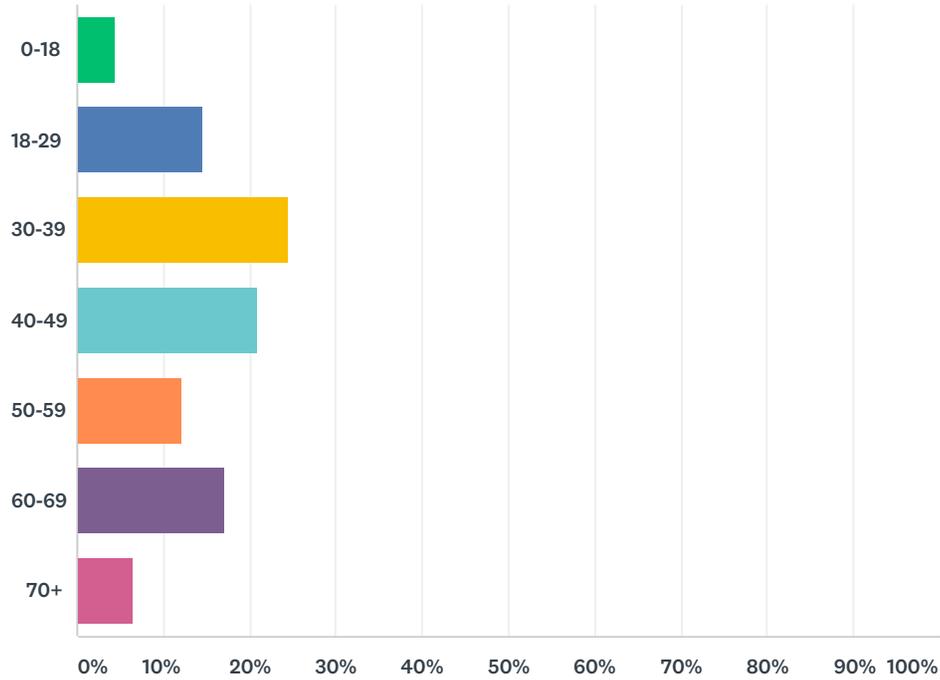

Answered: 707 Skipped: 80

ANSWER CHOICES	RESPONSES	
A significant amount (protect all of West Bay Park and limit human interference)	29.42%	208
A moderate amount (some protection is OK, but I want to be able to use the water too)	61.10%	432
A negligible amount (I want to access the entirety of West Bay Park)	9.48%	67
TOTAL		707

Q14 What is your age?

Answered: 719 Skipped: 68

ANSWER CHOICES	RESPONSES	
0-18	4.45%	32
18-29	14.60%	105
30-39	24.48%	176
40-49	20.86%	150
50-59	12.10%	87
60-69	17.11%	123
70+	6.40%	46
TOTAL		719

Q15 Is there anything else you would like to add about West Bay Park?

#	RESPONSES	DATE
1	riparian/marine shoreline vegetation and more natural shoreline is very important; bicycling/walking path to downtown along the shore is also very important	12/1/2017 12:09 AM
2	Frontage along West Bay Dr should be improved to accommodate Park setting, including access to the park from Deshutes Parkway (under 4th & 5th Ave bridges). Consideration of appropriate and limited lighting to help maintain public safety should be considered.	12/1/2017 12:05 AM
3	I've lived on the westside all my life and my family has been here since 1870. Thank you for finally giving us a park on the water.	11/30/2017 11:30 PM
4	Are we talking about Rotary Point, the old Container Plant/Smythe Mill and the route to Bayview Thriftway? Or less area? Please let us know which areas	11/30/2017 11:13 PM
5	Regardless of the level of expansion to west bay park and amenities I strongly oppose creating additional access points from the west side neighborhoods above west bay drive.	11/30/2017 11:01 PM
6	I would love to see a natural playground like they have in PDX. Please please please:-)	11/30/2017 9:41 PM
7	I would like it to be free of contamination and I would like public education about how to keep it clean.	11/30/2017 8:41 PM
8	I have lived on the Westside since 1974 and have wondered why this has taken so long If this park is to be built it must now consider ocean rise - the possible effects fo the new estuary and an aesthetic that merges the whole system of the southernmost tip of the sound.	11/30/2017 8:07 PM
9	West Bay Trail, along the waterfront, for active, non-motorized uses would be a significant benefit to Olympia westside residents and a substantial draw for visitors. It is a vital link from neighborhoods to downtown Olympia. Thank you.	11/30/2017 5:40 PM
10	Please don't connect trail Access to Farwell Ave homes. A trail exists a block over already. I'd rather keep my street quiet without direct access to people who don't live there. Near the water a labyrinth would be amazing (hedge maze!!!!). I know the vision is to connect the space on the hill, it would be cool if that kept resident's space private. I would like to be kept informed about the space. I live in a house that could be impacted and for no notice of the meeting to discuss the park plans, better communication would be appreciated. Thanks!	11/30/2017 5:27 PM
11	I love the idea of utilizing our beautiful waterfront for so many to enjoy. HOWEVER, I strongly believe increasing access points down to the park will have significant negative impacts on our environmental resources while having massive unintended consequences on our neighborhoods and communities.	11/30/2017 4:38 PM
12	I have heard conversations about connecting the West Bay Woods to the West Bay Park. I am strongly opposed to any trails being made or maintained in the West Bay Woods. I am most strongly opposed to any possible public entrances to the West Bay Woods via Farwell Ave NW.	11/30/2017 4:01 PM
13	If the park is going to have direct touch points with water and play areas for children, there needs to be continuous water and soils testing for contaminants (heavy metals, inorganic compounds, etc.), and that information needs to be regularly updated and posted at the park in a conspicuous location on-site for public review.	11/30/2017 3:04 PM
14	We lived on Sherman St. just up the hill from West Bay Park for years. The City did a great job to open this lovely park - thank you! We look forward to enjoying the next steps you take for this area. Having a trail access along the old railroad grade to connect with the Capitol Lake area would be our top priority.	11/30/2017 2:55 PM

West Bay Restoration & Park Master Plan: Programming

15	The United States will have representation in the 2020 Olympic Games in Skateboarding. It is important that we offer our community the opportunity to skate safely and legally and to support a growing BILLION dollar industry. More skateboarding opportunities for our youth (and adults) leads to greater local sales of our skateboard retailers and related businesses spurring greater ECONOMIC DEVELOPMENT. Please stop ignoring the opportunities we have to promote a healthy active lifestyle in this day and age of sedentary video game culture. I am a taxpayer and am frustrated to no end that the City with all of its VAST park resources (MPD) cannot even consider additional skateboarding amenities for our kids. It's time.	11/30/2017 2:49 PM
16	Could we forest, protect the environment and provide the houseless population an opportunity to work on it and get sheltered	11/30/2017 12:06 PM
17	Just don't turn this into a taxpayer funded Mecca for the homeless.	11/30/2017 11:49 AM
18	I would like to know how it will link up with the rest of the Big W. There should be trail continuity with the rest of the "W."	11/30/2017 10:59 AM
19	make it dog friendly. Your survey omitted that, yet you know the community is interested in this issue. Bocce? Drop it! I know the survey is rigged when I see crap like that, that no one wants	11/30/2017 10:55 AM
20	Facilitate access to gravel beach and keep it simple to reduce costs.	11/30/2017 8:22 AM
21	Thanks for the opportunity to add my interests. Please do not do anything to preclude estuary restoration in Budd Inlet and removal of the dam at the mouth of the Deschutes River.	11/30/2017 7:30 AM
22	thank you	11/30/2017 6:44 AM
23	Water access is important. So while I put that habitat protection and restoration is key. I do think access to the water at this park is critical. There needs to be water access. Apply for an ALEA grant which does both.	11/30/2017 6:35 AM
24	It would so nice to have a place to walk, talk, have a picnic, etc, for an extended distance along west bay.	11/30/2017 12:08 AM
25	This could be a great location to involve the community in nature, with environmental classes and bird watching.	11/29/2017 10:33 PM
26	Thank you! Nature access is most important to me.	11/29/2017 3:36 PM
27	Subtle changes in topography that allow different viewing angles of downtown, the capitol and Puget Sound. Bike route on the trail - not on the road. Educational art or landscape design (climate change/sea level rise, ethnobotany). Story along the over water trail portion that draws you to the end - good for little kids to keep them moving.	11/29/2017 2:38 PM
28	parking?	11/29/2017 1:01 PM
29	Make it accessible for all.	11/29/2017 9:44 AM
30	A fully enclosed dog park would be nice. I find it ridiculous that the only dog park in this area is way out near Hawks Prairie.	11/29/2017 8:44 AM
31	I would go there more if I knew it was there... The first I heard of it was this survey	11/29/2017 8:42 AM
32	Please keep it nature focused. Give us water access, eg. launch and land kayaks, paddle boards. Please do not run watercraft rentals. It will unduly commercialize the facility. Likewise, please do not have organized sports or music festivals. Not everyone loves blasting music in nature, no matter how good it is. Make sure there is adequate parking. Make pathways gravel to retain walkability. Whatever happens, it cannot become a homeless camp like the artesian well. Maybe that means some commercial activity. All peacemaking spots in olympia are overrun with homeless. Don't go down that path.	11/29/2017 8:27 AM
33	I live in the NW neighborhood and love the Viking and walking accessibility. The idea of having a corridor from downtown to west bay without cars would be monumental.	11/29/2017 7:02 AM
34	Plasexthink long term. Puget sound is a jewel and we are lucky to have access to marine ecosystems in our Capitol city. Please consider habitatrrstoration opportunities that could be maximized upon should the lake be converted to estuary. Please emphasize the unique marine estuarine habitat potential of this site. Recreational opportunities/amenities can be in many other places, but chances to restore marine ecosystem function are exceptionally rare.	11/29/2017 6:44 AM
35	Use some money to add sidewalks in our childrens' neighborhoods in rather than adding useless niceties that will be vandalized.	11/28/2017 10:29 PM

West Bay Restoration & Park Master Plan: Programming

36	There is talk about a dog park. I am very opposed to this in this location - my priority is to protect nature and nature viewing opportunities and dogs are a real problem with this.	11/28/2017 9:56 PM
37	consider adding some additional parking along the access drive	11/28/2017 9:42 PM
38	This area maybe the one remaining oppportunity for the City to Restore the shoreline to native habitat - take out the fill, and do it. There is no native shoreline access for the public on the westside of the city or bay... time to fix that and do something good for the environment, and the people who live here.	11/28/2017 9:23 PM
39	Make it family friendly park in design on part of it but preserve/restore the wildness in other areas.	11/28/2017 8:27 PM
40	A place for our elderly to sit and do nothing!	11/28/2017 8:16 PM
41	It will need a washing station or more than one to clean off mud and junk from the shore. People will need to clean themselves, boats, and dogs.	11/28/2017 7:48 PM
42	A great idea and a great walking connection to the lake.	11/28/2017 7:04 PM
43	Dogs?	11/28/2017 6:20 PM
44	I understand the shoreline is contaminated, it would be great to see that cleaned up or build the park in a manor that people cant get exposed, for instance no shoreline touchpoint where water is contaminated (warning signage or not). Also, it would be cool that it has very hip and modern LED lighting, be lit at night and feel very organic. Organic art and design. Practical use such as picnic areas, bike racks and restrooms also a must.	11/28/2017 5:39 PM
45	I ask, why are activities like fishing and touching water even offered as choices since the waters of Budd Inlet are so very polluted, and likely will continue to be so for next many decades?	11/28/2017 5:01 PM
46	Keep homeless out, make sure is a safe and secure area	11/28/2017 3:36 PM
47	first clean it up. Don't encroach on upland areas as your map appeared to do on Braun and Giles streets. It is easier to find land for playgrounds etc than it is to find waterfront property with its unique character.	11/28/2017 3:26 PM
48	I like beaches and being able to touch the water, but I also place a high value on preservation and rehabilitation of habitat. I would not want to sacrifice the health of the shoreline for the indulgences of human beings.	11/28/2017 2:57 PM
49	Planning has gone on forever with this park, it's time to implement something.	11/28/2017 2:43 PM
50	Complete walking and biking trails and hook them to downtown	11/28/2017 2:32 PM
51	I like the idea of highlighting the natural beauty and not overdeveloping it. Keep the open spaces, provide beach access and waterfront seating, walking path to downtown, and restrooms and that's about it. Boulevard Park in Bellingham is a great example of something similar.	11/28/2017 12:11 PM
52	highlight indigenou culture.	11/28/2017 12:07 PM
53	If the goal is to connect the park to the Fifth Avenue bridge then a security guard is a must. Walking on the railroad ties that exist now are sketchy, with sketchy people around. I would not feel safe walking on a narrow boardwalk or corridor unless a security guard was around. Left unpoliced it would end up being a drug site for sure, and we already have the artesian well for that...	11/28/2017 11:48 AM
54	I want to drop my kayak in the sound as far north as possible.	11/28/2017 11:31 AM
55	Restoration of the natural aquatic habitat is the most important item to me in this plan. We should strive to return the ecological function even if the area has been degraded.	11/28/2017 11:03 AM
56	Preserve/enhance walking routes from adjacent neighborhoods to the park, not just vehicle access	11/28/2017 10:47 AM
57	I am excited at the prospect of having a natural yet accessible place to enjoy the beauty of our home.	11/28/2017 10:31 AM
58	A dog friendly park would be so cool on the west side. We drive to lacey sometimes..	11/28/2017 9:38 AM
59	I am excited that this development is in process, appreciate the opportunity for input, and look forward to seeing how it takes shape. I could see this easily becoming one of my favorite places to spend time when the weather is nice.	11/28/2017 9:32 AM
60	Would be great to see a bike/ped path connection with deschutes parkway.	11/28/2017 9:15 AM

West Bay Restoration & Park Master Plan: Programming

61	I think preserving the natural beauty is important. Multi use buildings could be added to downtown. Keep the area mostly natural, as it was a selling point when I bought my house here. I also like being about to park and look at the water.	11/28/2017 9:09 AM
62	Pathways along the entire waterfront. Beauty, vistas, education, resting areas. Remove the old warehousing, dredge the inlet, work with Yacht club to remove or beautify hideous gray metal boat "garages." Embrace Olympic Range to Capitol views. Consider fun seasonal water taxis across to Fiddlehead like in Victoria. Allow small coffee or ice cream carts but not food trucks. Keep it family friendly. Enforce no camping by homeless to keep everyone safe	11/28/2017 9:08 AM
63	Using the existing rail line as a level, ADA path for pedestrians and bicycles would greatly increase access to West Bay Park.	11/28/2017 9:04 AM
64	I would like it to connect as one long walking path from Priest Point. Also, lighting for access (under bridge) and exercise stations.	11/28/2017 9:01 AM
65	Bathrooms	11/28/2017 8:58 AM
66	Please make a path connecting West Bay to Capitol Lake.	11/28/2017 8:55 AM
67	Trail to downtown is critical for transportation and access to nature from a ADA accessible trail.	11/28/2017 8:49 AM
68	Connectivity to, and usability of the park without a car is key! The trail to Deschutes Parkway is key!	11/28/2017 8:43 AM
69	Refer to the Thurston Regional Trails Plan.	11/28/2017 8:42 AM
70	Kayak rentals please!	11/28/2017 8:40 AM
71	Habitat protection is critical - use smart design to make water access points in limited locations and then emphasize habitat areas people can experience from a remove like the boardwalks etc.	11/28/2017 7:38 AM
72	Lots of great ideas. Although all of them should be viewed through the lens of what would be the impact if the 5th ave dam is removed, Capitol Lake disappears, and Deschutes estuary is restored. Since this seems like a possibility in a ten year timeframe	11/28/2017 6:16 AM
73	Protect and restore habitat as much as possible, while increasing wildlife viewing and ecosystem appreciation opportunities. A kayak launch would be fantastic, too!	11/27/2017 10:07 PM
74	I would love to see the area between the park and downtown left as natural as possible with a path where the train tracks are to town	11/27/2017 9:48 PM
75	The environmental benefit of a multiuser path near the water is huge because it will reduce motor vehicle trips. A path along west bay drive would be of negligible benefit and not worthy of funding	11/27/2017 6:30 PM
76	Thank you for this investment. Providing better habitat and gentle use should increase healthfulness of Budd Inlet for the hatchery raised chinook and other marine life there.	11/27/2017 4:21 PM
77	I would like to be able to moor my sailboat there while I go ashore for a picnic.	11/27/2017 2:55 PM
78	I don't visit this area currently, but would do so if you executed some of the ideas put forth in this survey.	11/27/2017 2:37 PM
79	As I indicated earlier, the contamination of Budd Bay should be a concern. This property is not large enough to support some of the listed structures and activities but is perfect for small activity areas, picnic shelters(small), and low impact activity. It is my hope that the Big W Trail continuation can be accommodated in this park.	11/27/2017 2:28 PM
80	I see nothing here about the dioxin polluted soils and shoreline. I don't even step on the beach at West Bay Park because of that.	11/27/2017 1:54 PM
81	should be able to be used as a pleasant way to get north or south, by bike and by walking.	11/27/2017 1:23 PM
82	if the city could purchase the adjoining properties and make a bike path/walking path to downtown that was off of westbay road it would make bike travel to downtown much safer.	11/27/2017 11:58 AM
83	This is a great opportunity to restore habitat in Budd Inlet. I hope it is viewed as an opportunity to create an accessible learning environment that also protects habitat. It is important to work with the Squaxin Island Tribe as well to realize their need to restore Westbay.	11/27/2017 11:41 AM
84	Need better street crossing visibility and other accident prevention (flags or walkway lights) for pedestrians at park entry / exit way. Thank you.	11/27/2017 11:37 AM

West Bay Restoration & Park Master Plan: Programming

85	Great park, need something for kids, low on parking. Would love to be able to walk from the lake. Love launching Paddleboard there!	11/26/2017 9:00 PM
86	Survey monkey is a limited tool. There is no context here.	11/26/2017 8:55 PM
87	I'd love to see the rainbow bridge incorporated into future designs of the park somehow. It's a great example of tactical urbanist placemaking.	11/26/2017 6:19 PM
88	Dog Park	11/26/2017 5:40 PM
89	To the extent that parks become our low-barrier shelters for homeless people I have a hard time getting excited about any of them.	11/26/2017 1:56 PM
90	Any kind of sheltered or non-sheltered skating area would be so great. Olympia's skateparks are all very poorly deaigned, and we need better options. Especially sheltered ones. It's hard to continue our practice on rainy days.	11/26/2017 12:39 PM
91	Is there an available location for parking and bike access (trailhead) at the southern most approach to the West Bay Park?	11/26/2017 8:51 AM
92	I'm thrilled we are moving towards intentional development of this area. Climate change is going to have a big impact on shorelines. I hope there is a way to design for that which preserves recreational use without adding too much stress to an ecosystem struggling to evolve with fast paced changes. Thanks for your work!	11/25/2017 11:52 AM
93	West Bay should be for all the people not just a few of the people it should be. Families with children young adult it should be for everyone not just a few	11/25/2017 9:04 AM
94	Complete the trail before making any of these other improvements. That trail was one of the key promises of the 2004 voted utility tax, and it's now 13 years later with no discernible progress.	11/25/2017 8:28 AM
95	I feel grateful that there is a survey that is reaching out to all of us who love this place so much and get to live here!	11/24/2017 10:34 PM
96	It would be terrific to be able to walk from the current park to downtown. Navigating the traffic on the roundabouts is really difficult if you want to walk to the city...It would be a great place to stroll/jog/dog walk.	11/24/2017 10:31 PM
97	Please put a covered skate park in West Bay Park!	11/24/2017 10:21 PM
98	I had a hard time answering some of the questions, because so much depends on if the dam stays or goes. Thank you for protecting this amazing land regardless. I am excited to watch its transformation.	11/24/2017 1:59 PM
99	I now walk daily into town on West Bay Dr in order to walk the boardwalk downtown. Would like to see a walking path on the water side of the street also. It is very difficult and unhealthy to walk on the sidewalk along West Bay as the cars and logging trucks exhaust and wind created blows in your face. Let alone getting splashed during rainy times. The sidewalk is so close to the road and the breeze comes off the water further blow exhaust in ones face. The other side protects you from both problems.	11/24/2017 11:26 AM
100	West Bay Park would be an excellent location for a skate park --- the community needs more legal places to skateboard!	11/23/2017 11:02 PM
101	The most important thing to me would be making this park unique and interactive.	11/23/2017 10:33 PM
102	how is the city going to fund this project and how does the West Bay project fit with the Capital Lake plan?	11/23/2017 11:53 AM
103	Love it there	11/23/2017 2:34 AM
104	Creating spaces for individual sports and recreation is a priority for me. In the Olympia area there are abundant options for team sports, but very few for sports like skateboarding, particularly given their use and the size of the area population.	11/22/2017 7:59 PM
105	West Bay has been one of those parks my friends and I think is "our place". At my high school, it's the hang out spot. If we are looking for something to do in the summer or on a nice day we go to West Bay to just talk and sit by the water or play spike ball in the field. Whatever you do with Westbay I hope that it will still be able to be a spot that is a go to place for my friends and I for many years too come. Thank you!	11/22/2017 12:17 PM
106	Smoke spots!! No Feds!!	11/22/2017 8:41 AM

West Bay Restoration & Park Master Plan: Programming

107	It's a beautiful park & needs to be preserved as well as used for public use	11/21/2017 9:59 PM
108	No condos.	11/21/2017 9:47 PM
109	Include a secluded meditation or yoga gazebo in a wooded peaceful area	11/21/2017 9:16 PM
110	Rockwall	11/21/2017 8:19 PM
111	Keep it simple. Its about the land/water connection without a lot of extra stuff,	11/21/2017 7:58 PM
112	NO CONDOS!	11/21/2017 7:52 PM
113	There is too much littering going on there	11/21/2017 7:49 PM
114	Make convenient for transit access and protected bicycle access...it is not a bike friendly place at this point. Limit structures, make low-tech and informal.	11/21/2017 7:49 PM
115	Please oh please an off leash dog park	11/21/2017 7:38 PM
116	My work is very close to West Bay Park and I appreciate my daily walks during lunch. I usually circle around from West Bay Park through the Garfield Natural Trail and back. I think that making the intersection on West Bay Drive that connects to the Garfield Natural Trail seamless by improving the intersection or making a tunnel would benefit both spaces. Also, I live near Friendly Grove Park and really like having a small skate park accessible for exercise. This would be a good addition to West Bay Park. Finally, as a bike commuter, a rails-to-trails implement for the isthmus makes a whole lot of sense. Otherwise, West Bay drive is horrible to bike on.	11/21/2017 7:38 PM
117	Preserve this space. Don't use it for condos, townhouses, and other overpriced rentals or places to shop.	11/21/2017 7:33 PM
118	No condos. Seriously.	11/21/2017 7:25 PM
119	I love relaxing in the private corners at west bay and would hate for those to be taken away and have this beautiful private sanctuary (for people and animals) be over populated.	11/21/2017 7:18 PM
120	The view of the Capitol and water access are my two favorite parts about West Bay	11/21/2017 6:46 PM
121	We need a Skate park!	11/21/2017 5:39 PM
122	I am concerned about the impact of a potential trail on the railway. Although I would love to have a trail, dogs and people are very disruptive to the wildlife that use the lagoon, which was set aside as wildlife mitigation in perpetuity for the dredging for the East Bay Marina. How will the wildlife values be maintained? West Bay Park is a wonderful place, but caution is needed in its further development as adding more visitation could negatively impact the small strip of land on which it sits and Budd Bay (runoff from more parked cars).	11/21/2017 4:18 PM
123	I was disappointed the name Rotary Park, which I believe is the correct name, was not part of the article. The survey seemed to make a number of false equivalencies and present several unreal options hardly in keeping with the space available, but I appreciate the option for input.	11/21/2017 2:48 PM
124	I hope that this is a place for family and friends and not a gathering place for homeless, drug users, and threatening people. At Percival Landing we have to do a needle sweep prior to letting our kids play, always keep a lookout for the crazy person who may go off at any time, not let our children go into the restroom without an adult. We would love to have a waterfront park that is family friendly - even if this means limiting places for homeless to shelter. Would love to see a copy of John Lawson park from Vancouver here. We visit there multiple times a year and everyone there has a great time. Please explore this park.	11/21/2017 2:33 PM
125	Please make a rock climbing structure. It would be very cool for people to learn an exciting new hobby. Build one instead of a skatepark as rock climbing is a hobby that fits more into the theme and nature friendly vibes of olympia.	11/21/2017 1:52 PM
126	This park needs to be for everyone not just the street people...I had been going to the well since I was a child now I do not because we built a place for the drugges and disrespectful to hang and it is not safe felling to be there.....also if we are going to have the high end cruise lines coming in we need to clean this place up!!!! This cruise line is a real oportunity for our city to build a tourist reputation. We could build some high end business or drive people out....our choice....or more like your. Choice	11/21/2017 1:49 PM
127	Food trucks and easy/free public transportation to and from the park	11/21/2017 1:00 PM
128	Skate park	11/21/2017 12:24 PM

West Bay Restoration & Park Master Plan: Programming

129	West Bay is beautiful, and a second home to the youngsters of the west side of Olympia. For many, this park offers peace, nature and relaxation. I would like to see that continue, but a new skatepark that offers a better environment for teenagers is something we need.	11/21/2017 11:12 AM
130	Skate park!!	11/21/2017 10:41 AM
131	I hope to add another skate park to the city of Olympia.	11/21/2017 10:08 AM
132	Honestly there's a huge problem with finding places to skate during the winter and it causes us to "bother" people unintentionally and they tell us to leave but we have no where to go! A big open space undercover would be great so we can make everyone happy!	11/21/2017 8:25 AM
133	The tie-in to Garfield Nature Trail is important as an opportunity to show fresh-water stream to estuary interface.	11/21/2017 7:18 AM
134	This park could be a wonderful place for families to gather and walk from downtown to the Rotary-built park. Please keep that in mind as you plan.	11/21/2017 5:45 AM
135	Skatepark we all beg of you, SKATEPARK a good one	11/20/2017 11:42 PM
136	Some forms of security around the park for questionable activity.	11/20/2017 10:36 PM
137	Skate park would be rad, however I think the priority should remain protecting the environment and reducing the harm done. I think this should be a active place for rest relaxation and enjoyment of the people as well, including thoughtful and thought provoking art and organization. Make this a special place oly	11/20/2017 10:23 PM
138	The ability to launch a hand-carry boat at low tide would be very nice.	11/20/2017 9:19 PM
139	The two most glaring deficits in the current park are restrooms and shelter for winter-rainy day activities	11/20/2017 8:49 PM
140	What I would like to see most of all is a restroom and a blend of walking/running pathways and kayak/SUP launch points along with habitat restoration. Buildings, large sculptures, classrooms, etc....matter very little to me if the space can't be used for exercise. I hope it will be connected so that we can, in theory, walk all the way from West Bay Park to East Bay Drive along one connected waterfront. Otherwise it will be a huge disappointment.	11/20/2017 8:12 PM

West Bay Restoration & Park Master Plan: Programming

141	<p>When it comes to skateboarding, skaters have little choice but to ride on the sidewalks, on the streets, school campuses, parking lots, and other places around town... or simply don't skate at all. They show an uncommon dedication to their sport. And what does this commitment to physical exercise and outdoor activity earn them? In many areas it gets them a big fine. When a community treats its skateboarders as pariahs, outcasts, and nuisances, they are telling skateboarding youth that they are not welcome there. They become someone else's problem. "You are welcome to skate, just not here." Skaters are routinely confronted and ticketed by police. Skaters see this as an unwinnable situation; they are passionate about skating but every attempt to find a place to skate inevitably leads to a confrontation with authority. After decades of this treatment, "illicit" street-skating has become an indelible part of the skateboarder's experience. This is not because skateboarding culture has an anti-authoritarian tone, but because so many communities have systematically confined skateboarding. Even where skating is tolerated, skaters put themselves at risk of being hit by vehicles. An average skater recreates with constant reminders that most of the community doesn't want them around, that they are at risk of getting a ticket, and that they can be hit by cars and other urban hazards. These are real problems that skatepark advocates are addressing one skatepark at a time. It's a shame to see a young person getting a ticket for doing kickflips (or even skating to the corner store), but the broader ramifications are far more diabolical. Skateboarders today celebrate their abilities to "get away with" recreation. Skateboarding means accepting the physical AND legal risks. The more effort is put into stopping it, the further underground skateboarding becomes. And the further underground skateboarding becomes, the more it is treated as a negative influence on local youth. When the topic of a skatepark finally comes up, it is met by a community that has lots of experience treating skateboarders as criminals or pests. The act of riding on a piece of wood on wheels is not a destructive activity, and skateboarding "culture" certainly does not promote antisocial behavior. Skateboarding, for most young skateboarders, is not just a choice, but a central part of who they are. The bottom line is that skateboarders need a place to go. Nobody really wants to criminalize skateboarding and, unfortunately, there are few people that can offer a different solution to "the skateboarding problem." Skateboarding, within any town you go to, is a community on it's own. And just like any park is a gathering place for the vast community, a skatepark is a gathering for that community. West Bay is a perfect central location within Olympia to place a skatepark. Olympia, being the capital and a population that hosts many skateboarders needs as well as deserves a good skatepark for all.</p>	11/20/2017 8:10 PM
142	Take down the dam. Let the area revert naturally. That will save money. Any consideration should consider climate change and flooding.	11/20/2017 7:29 PM
143	Keep it open so it is safer.	11/20/2017 5:14 PM
144	Leave the dam...	11/20/2017 5:12 PM
145	Needs more parking - current area frequently maxed out in good weather	11/20/2017 4:43 PM
146	oly needs a new skatepark please	11/20/2017 4:10 PM
147	Skate park or skateboarding features	11/20/2017 4:06 PM
148	Skate park	11/20/2017 2:59 PM
149	We need an off leash dog area of the park.	11/20/2017 2:57 PM
150	<p>While building the West Bay Trail would maintain the railroad berm, that impact to shoreline ecology is existing, and does not entail a new in-water structure. In fact, it could be made more permeable if ecological study deems that would be beneficial. Two things should be noted (but seem not to be in the documents/studies I have seen) is that by encouraging more active transportation through this corridor, it would reduce driving trips and the toxic runoff that creates, which is a significant concern for all of Puget Sound. Also, getting people to the shoreline is important to foster a sense of appreciation and stewardship, and the Trail is an excellent way to accomplish that. Salmon (and other wildlife) habitat should be improved and restored as opportunities allow, but the West Bay Trail is a worthwhile impact trade. We don't seriously question the roadways that impact this area, yet an undue onus has been put on the Trail as Some Great Detriment to wildlife here. That assertion is illogical in a larger system-based view of this watershed. As a community we have been prioritizing the West Bay Trail in surveys, plans, and even in City Council retreat priorities (e.g. in 2009). Yet we have done little to accomplish this needed facility. Let's finally get to work on it and make it happen.</p>	11/20/2017 2:53 PM
151	Love the view and possibilities of the shoreline. While my kids and I love exploring the beach areas, I would prefer that the focus be on restoration/preservation. So, perhaps use of boardwalks (like at Mclane or Nisqually) could help with this. Love that this space will undergo a transformation.	11/20/2017 2:52 PM

West Bay Restoration & Park Master Plan: Programming

152	This project would be fabulous. There is so little public access to the water in WA in general. Even those of us who can't buy beach property would like to enjoy it.	11/20/2017 2:36 PM
153	Skateboarding features	11/20/2017 2:28 PM
154	Please build a skatepark there isn't enough skate parks near by	11/20/2017 2:20 PM
155	A covered skatepark would be highly appreciated by the skatebowd community of Thurston and surrounding counties.	11/20/2017 2:19 PM
156	Olympia needs more things to skate legally.	11/20/2017 2:17 PM
157	Dog Park! Since the city has such a hard time allowing locations for this, because of neighbors....this would be an ideal location....even if modest. Bio-remediation and site location could take care of concerns over fecal pollution (since there are MUCH MORE over-arching concerns of pollution from waterfront septics, Weyerhaeuser logging, run-off, etc.) Love the idea of a path which makes it easier to reach downtown from West Bay Park. Now, if we could just shut down the ugly, dirty, noisy, polluting, financial black hole that the Marine Terminal is....we'd have something beautiful to look at across the way!	11/20/2017 2:03 PM
158	I think it's a lovely park and I would like to see a small skate area created. I've seen some great low cost skate parks that are designed beautifully and fit the surrounding very well.	11/20/2017 1:52 PM
159	We need a trail connecting West Bay Park to the Capital Lake area; it is too isolated at present. (Real) Bike lanes on West Bay Drive or lanes on a pedestrian walkway trail to West Bay Park from downtown would be great!	11/20/2017 1:10 PM
160	put in a skateboard feature - with local input of course.	11/20/2017 12:57 PM
161	Skate park!	11/20/2017 12:55 PM
162	Skateboard Park, preferably covered.	11/20/2017 12:54 PM
163	I really like all of the ideas on this survey, but what I think we need in the area the most is more skate parks. We have a sprawling skateboarding community in our county and only two parks.	11/20/2017 12:45 PM
164	I'm very impressed with the thoughtful, comprehensive presentations, public meeting, and survey. I'm feel confident that you're on the path to an outstanding development we'll be proud off. I'm more concerned about the ability to land grant funding to implement the plan, so hope you'll share some of the trade-offs we should consider to make the project more eligible for grant funding from a variety of sources. Thank you, all.	11/20/2017 12:33 PM
165	It's a very special place that I have been going to since I was young I think it should incorporate what olympia is special for and that's diversity. It should incorporate a little bit for everyone no matter the end choice.	11/20/2017 12:06 PM
166	Olympia needs a covered area for skateboards to use. It would be amazing to have it at west bay park. However if that's not possible please let my voice be heard. When kids cannot go to the park and skate where can they go? What will they do? By having a covered area to use for skateboarding this will keep kids out of trouble in the rainy seasons. Please carry this message on. I'm a 25 year old female skateboarder, who has witnessed skateboarders develop season depression because they cannot use their outlet (skateboarding) to cope with stress/depression.	11/20/2017 12:04 PM
167	West Bay Park is great. An extension of similar usages would be preferred.	11/20/2017 12:03 PM
168	Not too many people currently visit this park. However a lot of people in town are in desperate need of a covered skateboard park(or even just another skatepark in general.) Skateboarders end up struggling to find places to exercise several months out of the year, and businesses dislike when skateboarders are around. A good example of a small sized park that could be put there is the crown hill park in seattle. It would be fairly cheap to build and doesnt take up that much space.	11/20/2017 12:02 PM
169	Restore the shoreline first! A healthy environment will make for a lovely public space regardless of whether built amenities are present.	11/20/2017 11:41 AM
170	It would be great to have an off leash dog park!	11/20/2017 7:43 AM
171	Low maintenance is low cost	11/20/2017 12:02 AM
172	Habitat restoration above all else!	11/19/2017 11:21 PM
173	Any new trails should connect with other routes outside the park boundary.	11/19/2017 9:29 PM
174	Is it safe for children?	11/19/2017 9:05 PM

West Bay Restoration & Park Master Plan: Programming

175	Restoration of habitat to reduce pollution and restore ecosystem services to the Budd Inlet should be the focus	11/19/2017 8:18 PM
176	There needs to be a trail from the Olympia Yashiro Friendship Bridge through the Park out to the West Bay Marina.	11/19/2017 6:19 PM
177	The construction of the walking trail connection between Rotary Park and downtown Olympia ought to be of highest park development concern for the City of Olympia. Between the beauty of the natural scenery and the opportunity to create another in-city walking/biking corridor, the push to buy more park land over developing this existing gem sits as an enormous missed opportunity for Olympia's tourism industry that we need to develop if we want our downtown to grow and thrive.	11/19/2017 5:58 PM
178	For me, one of the most significant aspects of West Bay is its continuity and connection into downtown. The pathways created should not only treat West Bay as the destination that it is, but also recognize their importance as a critical transportation link for safe biking/walking into downtown.	11/19/2017 5:55 PM
179	Please leave it how it is. I LOVE that it doesn't get a ton of foottraffic and of course, actual traffic. It is a nice meditative place because of that. Definitely do not add a bunch of ugly plastic or concrete structures.	11/19/2017 1:52 PM
180	Wasn't comfortable having to make a choice between distant views, intermediate proximity and waterfront tough. At this site, we should be able to have all and that shouldn't, in general, be a conflict. Overall, what I hope that city is able to do with this property is provide a public link to Percival landing which allows experiences of urban energy and natural systems. This feels like it needs an urban anchor on both sides of a shoreline trail. Also, special attention needs to be made toward how any such trail will interact with the Yashiro bridge. Currently, the property under the bridge and along the slope northward to the West Bay Park is dominated by homeless encampments and sketchy, illegal uses. Developing the park must somehow bring back this property to a feeling of great safety and high levels of use, while at the same time allowing people to come up first hand to nature. This is all very exciting and we have much to look forward to as we plan for the amazing site.	11/19/2017 1:38 PM
181	This is great! Hopefully more land north of this parcel can be acquired for future restoration. For me, ecological restoration is of primary importance, but I also recognize the great educational opportunities that a project like this can accomplish and potentially inspire other communities to emulate. My second priority is for there to be a path in the direction of the current railroad berm that leads beneath the bridge, but whichever way the path wanders to accomplish optimal habitat functioning. Thanks!	11/19/2017 12:53 PM
182	Please make the space functional while preserving nature. Also, be mindful of neighbors of the park. And, be mindful of managing traffic. I do not want to be stuck in a horrific traffic jam on my way to and from because of the park. Think balance on all aspects. Thanks for the opportunity to comment.	11/19/2017 10:20 AM
183	I live at 222 west bay drive. I do not want a trail along our beach front. Our property line extends into the bay.	11/19/2017 9:38 AM
184	dog park	11/19/2017 8:54 AM
185	Walking paths please	11/19/2017 8:40 AM
186	Really happy to see the progress	11/19/2017 8:13 AM
187	A path along the water would be spectacular.	11/19/2017 8:09 AM
188	I think the need for a dog park is crucial to our neighborhood. Also, I truly hope there is a plan for a walkable solution other than west bay drive to get from the bridge to west bay park.	11/19/2017 7:23 AM
189	Swings	11/19/2017 12:45 AM
190	water is life.	11/18/2017 10:57 PM
191	Please make sure this park is connected to the city and the surrounding waterfront - this has the potential to amplify the impact of the shoreline environment on the entire urban setting. Olympia's asset is its natural beauty and the complexity of its riparian/estuary ecosystem as it interfaces with the manmade environment. Please leave/restore as much of its natural setting as is possible as a legacy for the future - once something is paved over and the natural ecology of a locale is damaged or destroyed, it's very hard to recover or restore it.	11/18/2017 10:54 PM

West Bay Restoration & Park Master Plan: Programming

192	Safety, regular presence of Park Rangers & OPD	11/18/2017 5:48 PM
193	I would love for it to connect to the Neighborhood up the hill maybe with a pedestrian bridge for safety.	11/18/2017 2:15 PM
194	We have a lot of open spaces and unused natural areas in other parts of the city. Ruston way in Tacoma has nailed it. Businesses, clean, fun things for FAMILIES. (The ones who pay taxes, purchase items in town, etc). Not another homeless camp that keeps those who use the city from going to. We have priest pt for nature trails, so let's move this for actual use with hard structure and optional activities. Outdoor concerts, workout trails, play areas etc.	11/18/2017 1:19 PM
195	Make sure there is adequate parking!	11/18/2017 12:43 PM
196	Wild life habitat is very important. Direct access to water to launch small non-motorized craft is important in a limited area, as well as children exploring in a area when then the tide is out--maybe with signs and pictures of what lives along the shore line that is visible only at low tide.	11/18/2017 11:00 AM
197	glad you are doing this	11/18/2017 10:18 AM
198	As I have stated before, this park will be underused if it becomes unsafe. My nine year old and I have had several scary encounters with people from the encampment under the 5th Ave. bridge while we were visiting Capital Lake. I am a single mom. A good litmus test for if a park is successful is to ask a woman, or a woman with young children, if the park is safe. If not, it does not work and does not belong in Olympia. I have chaperoned her class trip to Percival Landing from Garfield Elementary and had to keep 3rd graders from using the public restroom because a woman was overdosing in one of the stalls (yes I called 911). Artesian Commons and Sylvester Park are FAILING parks because they either are NOT safe or do not feel safe for the majority of Olympians. I'd rather leave the park as is and spend no tax money on it than to see it be an unsafe waste of tax dollars.	11/18/2017 10:14 AM
199	Thanks for requesting feedback! Good luck with the process!!!	11/18/2017 9:44 AM
200	I hope the trestle becomes a bike and pedestrian path, an alternative to walking along those busy, noisy roundabouts to downtown.	11/18/2017 8:56 AM
201	I still don't understand exactly where. . . Especially with all these options that seem to encompass a variety of locations (distant water view vs close?). Photos maps of the area would be helpful in my giving better feedback. Thanks!	11/18/2017 8:42 AM
202	And development of the part consideration should be given for preserving the views from the upland properties. West Bay Dr. was intended by law to be a view Corredor and at this point is not. The city has required that buildings along the east side of West Bay Drive have viewing platforms, but these platforms are now engulfed by trees and there is no view from any of them, so what is the point?	11/18/2017 8:22 AM
203	The city really needs an off leash dog park.	11/18/2017 8:06 AM
204	It's a great place for a small off-leash dog park, at least on a portion of it. One is much needed. This is a nice relaxing place that can accommodate other uses than children areas, as there are many already. A good place to relax, enjoy nature, access the water, and play with your dog companion.	11/18/2017 7:53 AM
205	I think bicycle access/pedestrian access is very important, especially because West Bay Drive will only develop more traffic, and will be unable to handle bicycles in a safe way, or pedestrians in a pleasant way.	11/18/2017 7:20 AM
206	Dog park	11/18/2017 6:39 AM
207	It would be nice to have spaces that are designed for quiet meditation or relaxation and places not near those for playing and running and being excited.	11/18/2017 3:46 AM
208	Please think about recognizing the land we have taken and offer the naming of the park to reflect that.	11/18/2017 1:54 AM
209	Excited to see this happen.	11/17/2017 11:58 PM
210	Habitat restoration integrated with surrounding natural areas such as Schneider Creek	11/17/2017 11:40 PM
211	An off leash, fenced dog park within walking distance of downtown would be a very, very welcome addition to the community.	11/17/2017 10:52 PM

West Bay Restoration & Park Master Plan: Programming

212	i am thrilled to see this strip of land being restored to natural or public use. i wonder about the abatement of toxic elements present from past industry on that land and water and hope that there is focus on the potential health impacts to humans, use of the area.	11/17/2017 10:28 PM
213	Serious park rules for transients and people who will trash a beautiful place. Our parks in other areas are disgusting because no one has the guts to stand up and set boundaries. Dont spend this money if you are not going to protect it for families and tax payers.	11/17/2017 9:41 PM
214	no	11/17/2017 9:18 PM
215	A drinking fountain.	11/17/2017 9:08 PM
216	Dog park would be interesting use.	11/17/2017 8:32 PM
217	Non-motorized boat rental would be a great fit, and should be the only commercial activity allowed. Most important to me is opening up a bike, walk, and jog trail to Capitol Lake. Many of us spent a lot of time years ago on developing a plan for West Bay Drive that never came to fruition. Would love to see the City use parks money to develop existing parks instead of buying more land. We can barely maintain what we have now.	11/17/2017 8:17 PM
218	The area will need to be low-key because of neighbors along West Bay Drive and because of sensitive habitat. I don't think it needs a lot of 'development', just simple access and a few understated amenities.	11/17/2017 8:16 PM
219	We're really looking forward to this happening! Please attend to ensuring safe access to the park via sidewalks, bike lanes and parking management along Westbay Drive. And we need sidewalks on Elliott all the way to Division so there's a safe link to buses running along Division. Thanks!	11/17/2017 7:25 PM
220	So much traffic. Access by foot is tricky.	11/17/2017 7:18 PM
221	Add a skatepark! Keep kids busy with things that actually entertain them to steer them away from drugs! Not everyone likes walking paths and watching birds. Make a bike track. Do something the community actually wants!!!	11/17/2017 7:00 PM
222	Perfect place for a Natural playground	11/17/2017 6:58 PM
223	Please don't sell any property on West Bay to developers.	11/17/2017 6:28 PM
224	Dog park	11/17/2017 6:24 PM
225	It would be a GREAT place for our only covered skating facility	11/17/2017 5:06 PM
226	I want to take this opportunity to again suggest a fenced dog park would be of big benefit to West Olympia. We currently have none.	11/17/2017 5:06 PM
227	Thank you!	11/17/2017 4:43 PM
228	serveillance camaras	11/17/2017 4:37 PM
229	Walking path to downtown is a high priority	11/17/2017 4:33 PM
230	Thank you!	11/17/2017 3:28 PM
231	Dedicated Pedestrian/bike connection to downtown using rail bed would see a lot of use. Shoreline can be preserved/restored over majority of trail and new park planned between 4th and 5th on the isthmus can serve as a gateway.	11/17/2017 3:24 PM
232	Would love it to be more usable! Safe trail connecting westside to the bridge and fun space to hang out would be great! So glad this is happening	11/17/2017 2:42 PM
233	Walking trail is highly desirable.	11/17/2017 2:22 PM
234	This is an amazing resource. If people could safely walk from downtown to west bay park it would get a ton of use and cut down on traffic. Think beyond the car!!	11/17/2017 2:02 PM
235	Very excited that we can have something to look forward to within walking and biking distance of our house on the west side.	11/17/2017 2:01 PM
236	Keep it peaceful and natural. Protect the wildlife, plants, and water. Keep it free and non-commercial. Make Westbay Drive more pedestrian and bicycle friendly.	11/17/2017 1:57 PM
237	Coffee shops, restaurants & retail!!!! More places to visit and do work! We need more on westbay drive. We are tired of seeing how run down it is! Definitely add a coffee shop PLEASE!!	11/17/2017 1:25 PM

West Bay Restoration & Park Master Plan: Programming

238	Please don't make this like the rotary park. We don't need anymore concrete on the waterfront! No more grassy areas either. And please design this park so that it can accommodate flood water. Make it functional in terms of sea level rise.	11/17/2017 1:07 PM
239	Skatepark	11/17/2017 12:45 PM
240	I live in the neighborhood and would love chances to get involved.	11/17/2017 12:41 PM
241	It's a lovely park that needs to be appreciated but in a way that does not disturb the natural fauna/flora. Love to see a large focus on native plants, animals and cultures that used and still use these waterways. The least amount of footprint we have on the environment the better. It'll show how conscious and concerned of a city we are that we place such a focus on sustainable practices. Blend nature, and people. In harmony.	11/17/2017 12:35 PM
242	It needs a covered skateboarding area	11/17/2017 12:27 PM
243	Olympia needs a modern skatepark for its thriving skate community	11/17/2017 12:20 PM
244	Please, an off leash dog area!	11/17/2017 12:10 PM
245	Creating the park as a recreational hub seems extremely advantageous. Utilizing the pre existing berm a connector trail would be fantastic. Connecting capitol lake with west bay and garfield nature park would be a wonderful addition, especially due to the city already owning the land along the berm. In addition, this would allow for wonderful sightseeing of the port at work and the olympics. Furthermore, a trail system in this location would reduce some of the heavy foot traffic that is experienced around the lake. Amenities that is conducive for families will also create a stronger support for the park and a visitor base for the park.	11/17/2017 11:47 AM
246	Please add a covered skateboarding ramp, it rains so much and it's tough to get all the way to Seattle or Tacoma to skateboard, especially for the younger kids.	11/17/2017 11:39 AM
247	We need bike and walking paths. Also, a dog park with trees or vertical structures and benches. Thank you!!	11/17/2017 11:25 AM
248	skatepark!	11/17/2017 11:24 AM
249	Lots of people fill the parking lot every day during their lunch hour. At that time there is just enough official parking. People use the beach and field to run their dogs off leash. Not fair to those of us with leashed dogs. Lots of folks enter park to just use the sani-can. Maybe a couple of parking spaces near the restroom for their use.	11/17/2017 11:22 AM
250	Create livable spaces for the homeless people in our community	11/17/2017 10:45 AM
251	I realise there are many points of view to balance here. I urge the city to frame the discussion with environmental restoration as a high priority, and to take into account how this restoration relates to the overall health of the Sound and surrounding habitat, including other restoration processes already in motion.	11/17/2017 10:44 AM
252	It would be nice to know what is contaminated and what isn't to evaluate whether or not to let my kids play on the beach. Very excited that this development is being planned. We can walk to this park from our house but it just doesn't seem that interesting to go there right now.	11/17/2017 10:41 AM
253	I would like to see be an inviting space for families and water-based activities(kayaking, fishing, crabbing). There are currently no local places for public fishing or crabbing on the sound, it requires a drive to another city. It would be a nice attraction to stay local for these activities.	11/17/2017 10:05 AM
254	Please, please add an off-leash dog park. All of Olympia residents have to go to Hogum Bay Rd in order to allow our dogs to have safe interactions with each other. In addition, in my neighborhood, and in a lot of areas on the west side - there aren't even sidewalks to safely walk our dogs! We would love to see the city take into consideration the furry members of our community <3 Thank you.	11/17/2017 9:49 AM
255	A skatepark that's actually up to today's standards, Yauger, Rainier Vista and Friendly Grove are terribly outdated and dysfunctional layouts not built correctly	11/17/2017 9:46 AM
256	Interpretive displays (signage, art) should facilitate visitors' understanding of the continued use of the space by humans, from pre-contact native use through the industrialization of the site. Interpretation should illuminate the significance of the space through personal stories as much as possible. Partnering with local organizations such as the Olympia Historical Society would strengthen such displays with connections to broader themes of local, regional and national history beyond basic "what was here" informational signage.	11/17/2017 9:39 AM

West Bay Restoration & Park Master Plan: Programming

257	I'd be great if it connected by path to Percival Landing/Heritage Park area	11/17/2017 9:30 AM
258	I have thought for a long time that this would be a perfect spot for a skate spot. Skaters travel all around to check out new parks going in, and honestly Olympia is really behind every tiny town in Washington. Skateboarding is wrapped up in photography and videography and I believe West Bay park would offer great photo ops. Even a small mini-ramp with a roof on it would be excellent, as it rains so much here and could also double as shade cover in the summer. Thanks for reading!	11/17/2017 9:12 AM
259	I'm excited to see what happens with it!	11/17/2017 9:11 AM
260	As a senior, having access to comfortable places in nature where I can walk, sit and enjoy nature, and have summer shade are very valuable to me.	11/17/2017 9:03 AM
261	Please add a bicycle pump track similar to other Washington cities like Bellingham, Seattle and Leavenworth https://youtu.be/3O1kgTn585c	11/17/2017 8:52 AM
262	Yay so glad this thought happen...we walk there regularly	11/17/2017 8:34 AM
263	A dog park would be nice	11/17/2017 8:28 AM
264	Thank you for taking the time to hear from us.	11/17/2017 8:17 AM
265	A trail connecting to the 4th Ave. Bridge would be ideal. Also an off leash dog park. We have used the area beyond the developed park to exercise our dog for years, and used the developed park before it was developed for this as well. It's about time to have an area where one could have one's dog off leash. With pickup bags and a garbage can and signage about the importance of not polluting Puget Sound with pet waste.	11/17/2017 8:13 AM
266	Let's face it, Budd Inlet is a terminal inlet with high water residence time and little flushing that occurs to bring in fresh, clean, water. With that said, I think anything you do in this area will be an improvement and the activities will probably not have any negative effect on the marine environment because it is already quite unhealthy just based on the physical oceanographic characters of Budd Bay. You also might want to think of how you'll be able to keep the transients out of West Bay Park. I feel like West Bay Park as is, is a bit out of reach for the transients so at the moment, they don't come here as much. Building it out will cause them to come more frequently and encroach into the neighborhoods around them. The City of Olympia needs to put in some hard and fast boundaries regarding homelessness and transients. There should be a zero tolerance policy of letting people sleep in business fronts on the streets. No investor in their right mind would want to put their money into this city after taking a quick drive through downtown. It's like the freaking Wild West down there. Clean up the city, and put some rules down regarding homelessness/transient, and you will see improvement. If you keep babysitting and coddling these people, you will get more homelessness and more crime and issues. This is not a conservative opinion either. Every liberal person I have spoken to feels the same. We don't want to see it anymore. We are sick of it. We are sick of the city council not doing anything to clean it up. They are making decisions that make it worse and inviting more and more transients to come to Olympia. You know its bad when you take your child to the library downtown and there is a security guard walking around. And when you have to look around a playground to check for needles before you allow your child to play. I mean wake the fuck up. This is NOT normal. I know you've gotten accustomed to this way of life and seeing this but that is NOT ok. It could be so much better. Olympia, get it together.	11/17/2017 8:06 AM
267	There's a glaring lack of a dog park which inevitably becomes a lovely human interaction park. A city our size needs one. What we have now is pathetic, out by the Thurston Co dump. Beautiful examples in other cities abound, ones which don't compromise enjoyment of Nature by dog-less citizens. Thanks.	11/17/2017 8:04 AM
268	Dog. Park. You really should take time to observe the activities that currently happen at that park and other activity spaces within about a mile. These are going to be the everyday users of this park so there should be something there for them. We would all appreciate and use a dog park. A large one.	11/17/2017 7:40 AM
269	think Crissy Field in San Francisco	11/17/2017 7:23 AM
270	There is a problem with water access given the current level of pollution in the area.	11/17/2017 7:13 AM
271	Love this park and can't wait to see it improved along the shore for animals, walking and kayaking. :)	11/17/2017 7:05 AM
272	A fenced dog play area should be included.	11/17/2017 6:45 AM

West Bay Restoration & Park Master Plan: Programming

273	I like its more of a relaxation place very other parks that are more busy that includes playgrounds, sporting events, etc. All parks have that and I like how West Bay doesn't. I either go there or drive by once in a while and look over and I always see people walking or sitting which is pretty cool. It's not always busy which I really like which makes it a place for me to want to go to more. But I understand that if it's expanding greatly, there should be more options to do things.	11/17/2017 5:25 AM
274	Back to the dog park. Many dog owners live on the westside. There is no place set aside for them to exercise their dogs, on-or off-leash. Consequently, the playground north of Garfield Elementary School. This is undesirable because it is not fenced, and the dogs interfere with other uses. A dog park was built at Sunset Park and was heavily used. It was removed because adjacent property owners objected to it. Portions of Westgate Park would be ideal for a fenced dog playground. There are no adjacent property owners. There is ample room to locate it without interfering with other uses. There are areas in the park that are already cleared and level. If a dog park were incorporated into the park plan, it would reduce the potential for undesirable interactions between dogs and people.	11/17/2017 2:56 AM
275	You should just leave the waterfront undeveloped. Restore the habitat if money needs to be spent on something. However, if development needs to occur, an off-leash dog area is something Olympia really needs, and would reduce problems with off-leash pets elsewhere (i.e. Capitol Lake and the current un-fenced field at West Bay Park where people let their dogs run anyway). Even if you do not add any more area to the park, the grass field is primarily used as a dog run already and it would be nice to have a fence. This location away from housing developments would be ideal.	11/17/2017 12:24 AM
276	Keep the sound healthy by planting native species and limiting run off!	11/17/2017 12:10 AM
277	Picnic tables/ trash bins for eating lunch	11/16/2017 11:46 PM
278	Based on the geometry and location of the park, the best use for the remaining portion of the park is as a linear hiking trail along the existing railroad berm or along the shoreline that allows easy connection to nearby trails.	11/16/2017 11:18 PM
279	Keep it simple.	11/16/2017 11:10 PM
280	Only that I am glad to see that it is being restored. :)	11/16/2017 10:47 PM
281	Please make this kid and family friendly. It can have art like seals that kids can climb on and that reflects our wildlife and everyone enjoys. Make it as interactive as possible to create a percival landing or Ruston way or as easily to walk to mimic a capitol lake. Make it someplace everyday people want to hang out and spend time, not a place for people to just loiter.	11/16/2017 10:47 PM
282	Off leash dog park. First one in Oly!	11/16/2017 10:46 PM
283	Disc Golf is the fastest growing past time. It's inexpensive so all economic levels can play and enjoy the park. Other park systems around the country are installing new courses because they are fairly cheap to install and maintain and they being a lot of people to the park.	11/16/2017 10:31 PM
284	Thank you!	11/16/2017 10:30 PM
285	This question also applies to the new West Bay sidewalk: who is going to maintain the park? No one seems to be caring for the sidewalk. Will that be true of the park as well?	11/16/2017 10:09 PM
286	A story board discussing the true history of the City of Olympia. How the city found its way through maritime shipping and how most of downtown is built on fill from Budd Inlet	11/16/2017 10:05 PM
287	make sure it does not facilitate a cooridor for homeless population to easily access west side neighborhoods, please.	11/16/2017 9:53 PM
288	Leave the railroad berm as it is and have a pathway going down the center isolated by vegetation. Restore the estuaries of Moxlie and Schneider Creeks and don't attempt to pass alterations to the berm off as restoration.	11/16/2017 9:37 PM
289	Thanks for the work you guys are doing to make West Bay Park one for all of us! :)	11/16/2017 8:59 PM
290	Keep out the transient population. If not, it will be another colossal waste of money like the Artesian Commons.	11/16/2017 8:28 PM
291	I am so excited for the changes! I have lamented the ill-use of the space for quite some time. Thank you for asking for input!	11/16/2017 8:19 PM
292	Nice	11/16/2017 7:34 PM

West Bay Restoration & Park Master Plan: Programming

293	connections to the neighborhoods is important. I use rotary park weekly because I can walk down the Garfield nature trail. I have witnessed huge crowds during the lunar eclipse a few years ago and solar eclipse this summer at rotary park. People see it as a nature viewing spot. That is all the entertainment we need.	11/16/2017 7:31 PM
294	The trail is an important environmental element that could reduce car trips by providing a walking and cycling access to downtown from the West side. The complete trail needs to be development with a hard surface.	11/16/2017 6:22 PM
295	I have some great ideas is there a time and place to share them ?	11/16/2017 6:20 PM
296	I drive past it every morning on my way to work. Sightlines are difficult and the crosswalks can get lost. Be sure to consider safety, both for cars and pedestrian access. The speed limit coming south should probably be dropped well before the approach. Connecting the steps/nature trail into West Olympia down to West Bay Park and then a walking/running trail to the bridges (or under the bridge to connect to the trail around Capitol Lake) would be ideal! (I have a frequent guest who is a runner.)	11/16/2017 6:05 PM
297	Please retain and utilize the old rail line corridor to connect with downtown!	11/16/2017 5:45 PM
298	Having lived in Bellingham. They have a similar style area/park named Boulevard Park that i believe would be a great example of how West Bay Park can become.	11/16/2017 4:42 PM
299	The city needs to develop the park land that it already owns instead of wasting \$11.9 million to acquire the LBA Woods, which benefitted councilmember Jones and his neighbors, but provided no benefit for the rest of the community.	11/16/2017 4:28 PM
300	A festive atmosphere.	11/16/2017 4:13 PM
301	Access for walkers and bikers (separated), bathrooms, and restoration of native vegetation are the priorities	11/16/2017 3:45 PM
302	Disc golf	11/16/2017 2:59 PM
303	A bike trail is a crucial solution to the 4th/5th Ave bridge bottleneck.	11/16/2017 2:32 PM
304	Plan for resilience and adaptability in both infrastructure and habitat restoration	11/16/2017 1:46 PM
305	Make sure this coordinates with and doesn't ruin with Garfield Nature Trail.	11/16/2017 1:38 PM
306	I leave almost right across from the park, so having a peaceful place to enjoy nature is really important to me.	11/16/2017 1:36 PM
307	Adequate parking is necessary.	11/16/2017 1:13 PM
308	I have lived on the westside for the past 37 years. During this time I have walked and biked downtown many times a week. I am very excited about finally having a safer,less noisy, and more scenic route	11/16/2017 12:29 PM
309	It is my favorite Kayaking spot. A kayak park would make me happy. Kid friendly paddle discovery area or something.	11/16/2017 12:20 PM
310	I feel a raised boardwalk area with shops opposite the water (like east coast ocean boardwalks) would make Olympia a family vacation destination, would be safe from rising water level concerns and a great compliment to the already public friendly east shore.	11/16/2017 12:17 PM
311	West Bay Park is a serene sanctuary and it would be nice to keep it that way, since it balances the "playground-centric" Percival Landing Park and the "walk/run/bike" emphasis at Heritage Park/Capital Lake.	11/16/2017 11:47 AM
312	Plenty of parking spaces.	11/16/2017 11:34 AM
313	Keep it simple, durable, low maintenance	11/16/2017 11:26 AM
314	Please move forward in making the West Bay Park a jewel for community!	11/16/2017 11:25 AM
315	please just don't forget about the dogs :-)	11/16/2017 11:09 AM
316	I visit Rotary park, but would like for there to be a bit more to do there. The Garfield Nature Trail is one of my favorite parts of Olympia.	11/16/2017 11:04 AM
317	eatory, restaurants and commercial retail development should be incorporated	11/16/2017 10:56 AM
318	Simple clearing of the industrial zones with expansions of trails would be amazing.	11/16/2017 10:37 AM

West Bay Restoration & Park Master Plan: Programming

319	A new home for a complex of boutiques, outdoor dining, food court, promenade, photogenic venue and setting for weddings, events, etc. to augment or upgrade run-down Percival Landing (think Carillon Point Kirkland) A park, yes, but a destination park with something thing to do - Japanese or Zen garden, Museum/planetarium, bocce court, peace memorial, Native American cultural site, Maritime history and wooden boat building shop & boat rental (think South Seattle Lake Union) A world class skateboard park, an ice arena, cable ride for views of the city, a restored merry go round, short restored rail line for scenic train ride, (think Spokane Waterfront Park)	11/16/2017 10:24 AM
320	Olympia needs an off leash area for dogs!	11/16/2017 10:21 AM
321	A gazebo or theater area for music in the park would be nice.	11/16/2017 10:20 AM
322	Think Rustin Way in Tacoma or Alki Beach in Seattle	11/16/2017 10:09 AM
323	Thanks for asking for us to weigh in.	11/16/2017 10:00 AM
324	It would be a smart move to separate the rails-to-trail component from the rest of the park master plan to get it moving as soon as possible. It seems like it would be feasible to remove the remaining rail ties and install some fencing and trestle decking to open a sea level walking path from downtown to the current West Bay park. I am grumpy about how long it is taking to open this trail extension to the public.	11/16/2017 9:54 AM
325	Quite honestly it was a rail line designed for maritime industry so many decades ago. If the committee was serious about it, it should be dug up and returned to the original environment. However it is a nice chunk of property that has been established, ergo lets manage it for community/public use.	11/16/2017 9:52 AM
326	Please keep it as close to natural as possible. There are plenty of playgrounds, gathering areas and developed areas locally; let nature have some space to thrive!	11/16/2017 9:24 AM
327	Just that aforementioned pedestrian access point under the bridges	11/16/2017 9:20 AM
328	We attended the first public meeting and feel that the challenge will be finding a balance between what's good for the ecology of the park and all the things the citizens want, especially the question of the trestle.	11/16/2017 9:18 AM
329	provide bike trail with connections to other bike paths & bike-friendly roads	11/16/2017 9:14 AM
330	please do not let develops put any more buildings, mix use stuff up.	11/16/2017 9:12 AM
331	Paths are the most important feature!!!	11/16/2017 9:10 AM
332	Thank you for getting our input. I hope that we will see some changes here to keep the park accessible and build it back to a healthy environment.	11/16/2017 8:54 AM
333	Thank you to the City of Olympia and its staff for (1) purchasing this land (2) wanting to develop this land (3) welcoming public comment on the future of this land (4) developing this land into a functional walking trail between west bay park and downtown ASAP (5) considering "bigger" transformative ideas like excercise stations, outdoor venues for music/performance, creating some kind of significantly tall viewing tower???	11/16/2017 8:20 AM
334	The most critical aspect of this project is the connecting path from Rotary Park to Capital Lake. The NW neighborhood is desperate for safe pedestrian and bike access to downtown.	11/16/2017 7:31 AM
335	Limit man made development	11/16/2017 7:27 AM
336	would love paddle boats that could be used on Capital lake! Please plan for the unfortunate reality that the homeless and drug users will be laying around	11/16/2017 5:59 AM
337	Why is there not going be some dense housing? These would not be built on the water's edge, of course? We would still be able to all have access to the park? Olympia needs housing. if we are going to to get rent prices down and purchase prices, we need inventory of small and medium living units.	11/16/2017 1:58 AM
338	I've greatly appreciated improvements to West Bay, such as sidewalks, art and Rotary Park. Walkability down the entire road much safer and enjoyable now, and the existing park is a nice destination. I'm excited about next steps to add park space and, if environmentally feasible, extend walkability along the water to downtown.	11/15/2017 11:51 PM
339	I love West Bay Park. I would love to see a sustainable future for it that will allow plenty of people to enjoy this park.. please serve it well!	11/15/2017 11:12 PM

West Bay Restoration & Park Master Plan: Programming

340	Consider uncovering Percival Creek. I would like a good walking and biking route along the water to connect West Oly with downtown.	11/15/2017 10:12 PM
341	Having walking and biking connection to Capitol lake and downtown from the park is very important to me.	11/15/2017 10:01 PM
342	My answers assume that the soil contamination is cleaned up on the site, and that concerns about toxic sediments in the water still exist. I don't think it is the best spot for daycamps or env. ed for children. Beach access with ability to wash hands and rinse off after contact with the water seems ok - some signage needed to alert users to concerns with the sediments. If Capitol Lake finally gets converted to an estuary, West Bay Park will be a great location to observe and study ecological changes to the area.	11/15/2017 9:27 PM
343	Increase parking or bus routes to access the park	11/15/2017 8:38 PM
344	I would use the park more if there were water to rinse off and a canoe launch that is usable at low as well as high tide.	11/15/2017 8:36 PM
345	A dock to fish from	11/15/2017 8:32 PM
346	Limited bike, skate and skateboard use. Trees instead of artificial shade structures. Handicap accommodation, but not paved paths. Boardwalks are fine.	11/15/2017 8:19 PM
347	At least 100 people a day walk their dogs in this park. Many are let off leash. It would be great if there was a dog play area that was fenced.	11/15/2017 7:50 PM
348	Glad this is being discussed, it's long past due! Would like to see that land used as a public space! Providing marine access.	11/15/2017 7:44 PM
349	Parking matters. Should connect capital lake, Percival landing and down to West Bay marina with walking through wooded trails too. Control homeless encampments and most of all vagrants and drug use.	11/15/2017 7:23 PM
350	Don't stop at the existing north end! Keep coming north!	11/15/2017 6:56 PM
351	Please finish this project! People Want a dog park and more play area and a trail from the bridge to the park. Need a permanent restroom. I think u can be environmentally friendly and serve public park needs. This is a great park!! Grow it!	11/15/2017 6:49 PM
352	Great space but massively underutilized.	11/15/2017 6:35 PM
353	Having a small fences off leash dog park would be wonderful as the closest one is in Lacey	11/15/2017 6:20 PM
354	I am so excited to see this happening. It will be an amazing addition to the revitalization of Olympia!	11/15/2017 4:51 PM
355	Restore and keep the area as natural as possible while allowing people to enjoy the beauty of nature. Don't put in playgrounds for adults or children as they unnecessary and counter the reason for preserving the natural habitat. I would love to see some sculptures that are specific to the place.	11/15/2017 4:05 PM
