

CALL FOR ART

Olympia City Hall Interior

The City of Olympia is seeking to purchase original studio art, 2-dimensional or low relief wall mounted art, for permanent installation, created and submitted by experienced artists who reside or create their work in a studio within 30 miles of the new City Hall in Olympia. Works of art will be considered for four (4) specific walls inside the new City Hall.

Total Budget: Up to \$35,000 total (for 4 locations)

Deadline: 5pm, Monday, October 11, 2010

Project Background:

Based on recommendation by the Olympia Arts Commission, the Olympia City Council has approved a portion of the available art funds for City Hall to be used to purchase permanent art pieces for the interior of the new City Hall. Located on 4th Avenue, in the heart of Olympia's downtown, this new City Hall will be a vibrant addition to the community, housing city employees and City Council Chambers.

Art Installation Areas:

The four project locations are in publicly accessible spaces near stairwells and elevators, and one reception area. These are not destination locations, but areas that people will be moving through. All locations have space for the work to be viewed from a distance, and installation spaces vary from approximately 8 feet wide to 16 feet wide, and ceiling heights vary from 9-10 feet. Detailed information follows in the prospectus. These permanent locations will anchor another 6 areas of rotating exhibition space within the building. In order to meet the project budget of \$35,000, the City does not expect to pay more than \$11,600 for any one piece.

Expected Outcomes as determined by a Citizen's Advisory Panel to the process:

- The artwork inside City Hall should be reflective of our Olympia community that values the arts. The artwork should create an environment that makes the building a special and enjoyable place for employees and visitors.
- Each artwork in the four identified locations is expected to have a direct relationship with the community – in some way reflective of the place, people, history, culture and/or story of the area.
- The artwork in the four identified locations should also reflect the diversity of our arts community, with differences in theme, approach, style and materials.
- These works are expected to connect with and engage people from the moment of installation; and continue to communicate with viewers over time, through strength of composition, color, scale, texture and form.

Eligibility:

Experienced artists who reside or create their work in a studio within 30 miles of the new City Hall in Olympia.

Selection Criteria

In addition to artwork meeting the Expected Outcomes of the Project as outlined above, the following criteria will be used for the selection process:

- 1) Strong aesthetic quality of work submitted:
 - a) Evidence of artistic ability;
 - b) Originality or uniqueness of vision.

- 2) Technical competency and craftsmanship:
 - a) Working techniques and craftsmanship meet the highest standards;
 - b) Use of archival materials.

- 3) Ability of the artwork to fit the scale of one or more of the pre-determined art exhibition areas. This could include a single work, a diptych or triptych, suite or other configuration of individual works. (Selected artwork should be provided with sufficient means to evenly distribute the weight of the piece, not to exceed 25 lbs per wall anchor. Total weight of each piece should not exceed 200lbs.)

- 4) Evidence of a professional track record and/or exhibition record.

Final selection determination will also include the ability to balance the project budget among the four individual project locations.

Artists should bear in mind that the audiences will be broad-based and of all ages, including children, and artwork should be appropriate for display in public buildings. *Artwork that is religious, political or sexual in nature will not be considered.*

If Artwork is Selected for Purchase

Artworks that are selected for purchase must be professionally prepared and presented at the time of delivery, including professional archival quality framing where applicable. **Artists are not required to frame artwork before the jury, but must include framing costs in price of work, and framing dimensions in application.** Both in the creation of the actual artwork and its presentation, the use of self-degrading materials is not acceptable. For example, works on paper should be framed with acid-free matting and backing, and any paper used should be acid-free. Oil painting should be varnished, UV or museum glass used in framing, etc. If you have questions about specific archival preparation for your medium, consult a framer.

Artists are responsible for delivering work for installation. Artists will be paid upon safe delivery of work. The City reserves the right to reject any artwork that is damaged or in poor condition at the time of delivery to the new City Hall.

Legal Requirements

The selected artist will be required to sign a City contract covering the purchase.

Selected artists receiving funds from the City of Olympia will be required to obtain a City of Olympia Business License. For more information, call City of Olympia Business Licensing at 360/753-8327.

The selected artists will be required to obtain a Washington State tax number. For more information, call the Washington State Department of Revenue, general information at 360/753-5000.

Selection Process

The City reserves the right not to select any works of art, and reserves the right to change the process. The expected schedule is as follows:

A 5-member jury will review all applications, and create a short list of applicants based on selection criteria.

The jury selection meeting is open to the public and is scheduled for Thursday, October 28, 2010 at 9:30am. The jury will be held at the Associates Building, 825 Legion Way, Olympia.

Selected jurors are:

Barbara LaForge, Arts Patron, Olympia

Steve Lindstrom, Arts Patron, Olympia

Rosemary Ponnekanti, Arts Reviewer, Tacoma News Tribune

Doris Simmelink, Simmelink Sukimoto Editions, Olympia

Jeremy Zwiefel, Artist, Olympia

In addition, the jury will be joined by two, non-voting members of the Citizen's Advisory Panel.

- A. Selected artists will be contacted by phone, all other applicants will be notified by letter.
- B. City staff will arrange to inspect the artwork to validate that the image is of the same quality as represented to the jury.
- C. The Olympia Arts Commission will review the recommendation of the jury, and make a recommendation for final approval by City Council.

Total Budget Up to \$35,000 – inclusive of all costs for art for 4 locations

All contracts between the City and the artist are inclusive of all applicable taxes, licenses and fees. "Not to exceed" prices noted on worksheets have been determined on a square foot basis.

Pricing Artwork for Direct Purchase

The cost of work should be within the range the applicant normally sells work for, not significantly more than the cost of the artist's work of similar scale and materials-inclusive of framing and taxes. Price should reflect artwork that is installation ready.
