

## LOTT Sewer Customer Rebate Program Qualifying Toilet Model List

Questions? Please contact LOTT at [rebates@lottcleanwater.org](mailto:rebates@lottcleanwater.org) or (360) 664-2333.

This list is provided as a courtesy to show potential availability of qualifying toilet models at local retail stores. Availability and prices are subject to change.

To verify toilet purchase is eligible for rebate, match the SKU or model number of the toilet to those listed here, or contact LOTT to verify eligibility for additional models. Bowl and tank numbers must match as listed for each model – bowl and tank combinations mixed across models may not be eligible for rebates.

### Home Depot Toilet Models

AquaSource Henshaw Elongated	810485	<b>LO2EC08L</b> Also sold as <b>T802M</b>	Elongated	ADA	\$129	1,000

To qualify, toilets must have a MaP performance score of 750 grams or higher and a single-flush volume of 1.28 gallons or less. Dual-flush toilets do not qualify for the rebate unless the maximum flush volume is 1.28 gallons or less. LOTT sewer customers may apply for up to three rebates per installation address. LOTT does not endorse specific brands, products, stores, or suppliers. Qualifying toilets may be available from additional stores and suppliers. Store inventory and prices change frequently, and models listed here may not be available at time of purchase. Additional toilet models not listed here may also be eligible for rebate. Rebated toilets must be used to replace toilets that use 1.6 gallons or more per flush. Installation address must be connected to the LOTT sewer system, and billed through the city of Lacey, Olympia, or Tumwater. Allow up to 8 weeks for processing. Approved applicants will receive a rebate check by mail for up to \$100 per qualifying toilet. Qualifying toilets purchased for less than \$100 will be rebated at the purchase price, plus applicable sales tax. Visit [www.lottcleanwater.org/programs](http://www.lottcleanwater.org/programs) for rebate application and program details.
